These are our notes from the visit, straight from the walk-through and the conversation on site. Nothing here is a directive yet. If something is already done, wrong, or you disagree with it, say so — that is more useful to us than a clean list. Reference numbers are in brackets so you can quote them back.

CAPITAL & INFRASTRUCTURE

- Community is on a boil water notice with the aerator pump out; the system was described as wide open. Status of the vendor's return is unclear. SAFETY NEEDS A DECISION
- Power cannot be brought to the intended area without rerouting electrical, which requires upgrades. No plan, budget or owner defined. NEEDS A DECISION
- Lift station to be walked and inspected.

CONSTRUCTION QUALITY & VENDORS

- Past plan was porch-to-porch alignment rather than porch-to-rear; porches on the main street should face out. Flipping banks as they are replaced was suggested. NEEDS A DECISION

CURB APPEAL & SITE STANDARDS

- Bulletin board outside the office to be replaced and moved to the mailbox units, possibly mounted on the side like a wall, keeping mail carrier access clear and not blocking the community room entrance.

AMENITIES & COMMON AREAS

- Clubhouse interior: grey oak vinyl tile proposed for the floor, drop ceiling noted, lamp post to be replaced. Purple was disliked and the pool area color considered the worst.
- One party considers the current grill/hibachi setup a fire hazard and wants it removed. Proposal to redo the bocce area and relocate the grill nearby, keeping propane unless a gas line is available (a plumber would be needed to connect). A metal roof over the area was raised. No decision or timeline. SAFETY NEEDS A DECISION
- A solar light turns on but never off because the sun does not reach it; residents ignore it. Evaluate placement or replace.

SITE OPS, STAFFING & EQUIPMENT

- Storage area described as wide open, a potential security concern. One participant did not see it open; needs verification and mitigation. SAFETY NEEDS A DECISION

WHAT WE NEED BACK FROM YOU

Send corrections and status to your regional manager, **Liz Santiago**. Quote the reference number. Three things help most: what is already finished, what is wrong on this list, and what you would put first if you could only pick one.
