Confirm documents correct (Path A)
Confirm documents correct (incl. inspection) (Path B)
Import documents into Rent Manager
Update Rent Manager: Move Prospect → Resident; Change unit status; Confirm recurring charges
3-day post-move-in check-in; document in Rent Manager
End

New Resident Move-In Workflow

Diagram information
This diagram represents the move-in workflow for new residents, showing parallel paths for on-site Community/District Manager, the New Resident, and Home Office/Asset Management. It covers application approval, lease signing, document collection for resident-owned vs community-owned/rental homes, meet & greet and move-in inspection paths (A and B), document verification and import into Rent Manager, unit status updates, and a 3-day post-move-in check-in.

New Resident Move-In SOP
1. Start the process when the Application Approved trigger occurs.
2. Welcome the prospect and confirm move-in details.
3. Send the digital lease to the prospect.
4. Prospect signs the digital lease.
5. Prospect submits required documents and deposits.
6. Identify home type.
    6.1. If Resident-Owned, collect required documents & deposits (Resident-Owned).
    6.2. If Community-Owned / Rental, collect required documents & deposits (Community-Owned / Rental).
7. For Resident-Owned path: confirm all required documents received.
    7.1. If No, request missing items from the resident and return to collect required documents & deposits (Resident-Owned).
    7.2. If Yes, schedule & conduct Meet & Greet (Path A).
8. For Community-Owned / Rental path: confirm all required documents received (including inspection).
    8.1. If No, request missing items from the resident and return to collect required documents & deposits (Community-Owned / Rental).
    8.2. If Yes, schedule Meet & Greet and conduct move-in inspection walk-through (Path B).
9. During Path B move-in inspection, Community/District Manager signs Move-In Inspection Form.
10. Resident signs Move-In Inspection Form after the on-site inspection.
11. Confirm documents correct for Path A and Path B.
    11.1. Send confirmed documents to Home Office / Asset Management for import into Rent Manager.
12. Home Office / Asset Management imports documents into Rent Manager.
13. Update Rent Manager: change prospect to resident, update unit status, and confirm recurring charges.
14. Conduct a 3-day post-move-in check-in and document the outcome in Rent Manager.
15. End the process.

Community Manager post-move-in check-in (after 3 days)
End

On-Site Move-In & Resident Onboarding Flow

Diagram information
This diagram maps the on-site manager, resident, and home office workflow for converting a prospect into a resident. It covers outreach, document collection, lease signing, scheduling a meet & greet, document confirmation and import, system updates in Rent Manager, and a post-move-in check-in.

Resident Onboarding and Move-In SOP
1. Start the process by reaching out to the prospect.
2. Welcome the prospect to the community and obtain move-in details.
3. Send the digital lease for signature.
4. Prospect signs the digital lease and sends required documents and deposits.
5. Collect required documents from the Resident:
    5.1. Copy of Title.
    5.2. Bill of Sale.
    5.3. Signed Lease.
    5.4. 1 Month's Rent.
    5.5. Security Deposit.
    5.6. Pet Fees / Additional Occupant Fee (if applicable).
6. On-site manager checks: Are all documents received?
    6.1. If No: Request missing documentation from Resident and return to step 5.
    6.2. If Yes: Schedule Meet & Greet with Resident.
7. After scheduling, confirm documents and import into Rent Manager.
8. Update Rent Manager:
    8.1. Move Resident Prospect → Resident.
    8.2. Change unit status.
    8.3. Confirm recurring charges.
9. Resident becomes a new resident.
10. Conduct post-move-in check-in after 3 days.
11. End process.
