Eviction Intake to Post-Eviction Workflow

Diagram information

This diagram maps the end-to-end eviction process: generating and validating demand notices, intake packet preparation, regional and operations review, attorney engagement, court/writ/auction activities, and post-eviction title/asset handling. Key components: Community/District Manager actions, Regional Manager review, Evictions Team processing, Attorney/Sheriff/Title vendor interactions, and final asset transfer steps.

Eviction Workflow SOP — Intake through Post-Eviction Title Transfer

1. Start: Pull AR Report (Rent Manager).
2. Generate Demand Notices from AR Report.
3. Send Demand Notices to Regional Manager.
4. Regional Manager: Review Demand Notice Accuracy.
    4.1. If accurate, forward approved notice to Community/District Manager (CDM).
    4.2. If inaccurate, return notice for corrections; correct and re-send.
5. CDM: Post Demand Notice on door and send via certified mail.
6. Sign Posting Certification.
7. Email proof of posting and tracking to Regional Manager; upload demand notice and posting cert to Rent Manager history/notes.
8. Review AR daily and call resident; document call details and past-due notes in Rent Manager; flag accounts for demand notice.
9. Regional Manager: Compile proof of posting + confirmations and email proof package to Director of Ops & evictions email; review intake packet completeness when received.
10. If intake packet incomplete at regional review, return for corrections and require resubmission by EOM or defer.
11. If deferred at EOM, forward intake packet back to CDM for rework; otherwise regional sends completed intake packets to Director of Ops & evictions email and forward completed intake packets to Operations (Evictions Team).
12. CDM / Community: Complete intake packet and attach required documents; email completed packet to Regional Manager.
13. Evictions Team: Generate intake packets (19th–23rd) and send intake packets to Regional Manager; place resident in eviction workflow in Rent Manager and upload intake packet and lock resident account.
14. Evictions Team: Send intake packets to attorney (CC RM, DO, evictions email) and file case in court.
15. Attorney: File case in court and confirm in writing if eviction is stopped; if stopped, notify Evictions Team to close eviction workflow.
16. If resident pays to stop eviction, notify regional manager resident wants to pay and confirm attorney fees posted; send writ copy to Evictions Team & Regional Manager; send check photos to RM & Evictions Team; mail certified funds to Home Office.
17. If resident does not pay, proceed to writ & auction path: Evictions Team receives writ, upload writ to Rent Manager evictions tab, and send writ/title to Asset Manager when appropriate.
18. Evictions Team: Determine lien status.
    18.1. If lien exists, coordinate with Vector Law (handle auction & notify RM & Evictions Team).
    18.2. If no lien, submit docs to Florida Fast Title, run VIN search if needed and schedule auction.
19. Vector Law / Title vendor: Handle auction logistics; confirm auction attendance outcome.
20. Post-auction: If auction results in sale, receive title; if sale fails, Parakeet purchases home for $1 and proceed.
21. Receive title post-auction and send title or writ to Asset Manager.
22. Asset Manager: Post attorney fees to resident account, move resident out of Rent Manager, and transfer home to Post Eviction Title Transfer SOP.
23. Operations Coordinator: Provide mailing label and confirm attorney billing as requested.
24. Evictions Team: Complete auction paperwork, send to Evictions Team mailing label process, upload writ to Rent Manager, update main eviction cases sheet and case status notes in Rent Manager.
25. Evictions Team: Request attorney stop eviction with court if required and communicate with attorney for case updates; close eviction workflow when complete.
26. Sheriff: Post writ of possession on property when scheduled.
27. End: Transfer assets per post-eviction SOP and close all eviction workflow items in Rent Manager.

Eviction Processing & Intake Workflow

Diagram information

Shows end-to-end eviction workflow across roles (Community/District Manager, Regional Manager, Evictions Team, Operations Coordinator, Asset Manager, Director of Operations, Attorney, Sheriff, Florida Fast Title, Vector Law). Covers AR pull, demand notice posting/mailing, intake packet creation/review, attorney coordination, writ handling, auction scheduling, title transfer, and case closure with key decision points (notice accuracy, packet completeness, resident payment, lien status, auction outcome).

Eviction Processing & Intake Workflow SOP

1. Start: Pull AR Report from Rent Manager.
2. Document past-due notes in Rent Manager.
3. Flag accounts for Demand Notice.
4. Evictions Team: Generate Demand Notices from AR Report.
5. Evictions Team: Send Demand Notices to Regional Manager.
6. Regional Manager: Review Demand Notice accuracy.
    6.1. If not accurate, return notice for corrections to Evictions Team.
    6.2. If accurate, forward approved notice to CDM.
7. CDM: Post Demand Notice on door.
8. CDM: Send Demand Notice via certified mail.
9. CDM: Sign Posting Certification.
10. CDM: Upload Demand Notice and Posting Cert to Rent Manager history/notes.
11. CDM: Complete intake packet and attach documents.
12. CDM: Email completed packet to Regional Manager.
13. Regional Manager: Review intake packet completeness.
    13.1. If incomplete, return packet for corrections to Evictions Team.
    13.2. If complete, forward intake packet to CDM.
14. Regional Manager: If packet completed and approved, forward completed intake packets to Director of Operations and evictions email.
15. Director of Operations: Receive intake packets (escalate if proof missing).
16. Evictions Team: Generate intake packets (19th–23rd) and send to Regional Manager.
17. Evictions Team: Send intake packets to attorney (CC RM, DO, evictions email) after uploading and locking resident account into eviction workflow.
18. Attorney: File case in court.
19. Attorney / Operations: Receive mailing packet and process title; confirm attorney billing.
20. Operations Coordinator: Provide mailing label; mailing label triggers mailing certified funds to Home Office.
21. Mail certified funds to Home Office and send check photos to RM & Evictions Team.
22. If resident pays to stop eviction:
    22.1. CDM notify Regional Manager resident wants to pay.
    22.2. Regional Manager confirm attorney fees posted.
    22.3. Evictions Team request eviction stop with attorney and confirm in writing.
23. If payment not received, Sheriff posts Writ of Possession on property.
24. Sheriff action triggers sending writ copy to Evictions Team & Regional Manager.
25. Evictions Team: Upload writ to Rent Manager evictions tab and confirm paperwork complete; send mailing label to attorney where required.
26. Evictions Team: Submit docs to Florida Fast Title and schedule auction if lien status indicates no lien.
27. Evictions Team: Determine lien status.
    27.1. If lien exists, coordinate with Vector Law to handle auction and notify RM & Evictions Team.
    27.2. If no lien, submit docs to Florida Fast Title and schedule auction.
28. Vector Law or Florida Fast Title: Run VIN search if needed, schedule auction, and handle auction logistics.
29. Asset Manager: Complete auction applications/VIN check and mail auction documents to attorney.
30. Attorney coordinates auction, receives title post-auction, and notifies Evictions Team.
31. Evictions Team: Receive title post-auction, send writ/title to Asset Manager, and transfer home to Post Eviction Title Transfer SOP.
32. Asset Manager: Post attorney fees to resident account and move resident out of Rent Manager.
33. Evictions Team: Close eviction workflow in Rent Manager and update main eviction cases sheet (SharePoint).
34. Throughout process: Communicate case updates between Evictions Team and Attorney; update case status notes in Rent Manager.
35. End: Close workflow after title transfer and eviction closure confirmations.
