Incident Reporting & Response

Incident Reporting & Response
Owner: Natalie Magurne

Scope: Covers incident reporting from the moment an incident occurs through documentation, escalation, investigation, corrective action decisions, and follow-up/final filing; excludes insurance claim processing and property damage repair authorization, which may be triggered as a separate SOP.

End
Maintain legal documentation
Lead investigation for employee-related incidents

Incident Reporting & Investigation Flow

Diagram information
This diagram maps the incident reporting and investigation process from the Community/District Manager (Manager on Duty) through Regional Manager, Director of Operations, HR, and Investigation teams. It covers initial response, notification, report completion and submission, review, investigations, corrective actions, insurance/property-claim decisions, and final filing and monitoring.

Incident Reporting and Investigation SOP
1. Start (Manager on Duty).
2. Ensure safety; contact emergency services if needed.
3. Collect involved-party and witness information (include police report #).
4. Notify Regional Manager (RM) and Director of Operations (DO) same day.
5. If RM is reachable:
    5.1. RM reviews incident for completeness and accuracy.
    5.2. RM determines if incident involves Parakeet personnel.
    5.3. If incident involves Parakeet personnel, notify HR same day in writing.
    5.4. If not, complete the Incident Report form with full details.
6. If RM is not reachable, escalate to DO; DO reviews incident and determines insurance/property damage implications.
7. Complete Incident Report form (full details) if required.
8. Attach supporting documentation (photos, police/medical, witness statements).
9. Log incident in Community Incident Log same day.
10. Email Incident Report to RM and DO same day.
11. Upload Incident Report to SharePoint same day.
12. RM reviews Incident Report for completeness & accuracy.
13. If RM finds the report incomplete, return it to CDM for completion.
14. CDM updates and resubmits Incident Report.
15. If still incomplete after resubmission, escalate to DO for review and insurance/property decision.
16. RM determines if incident is employee-related or resident-related:
    16.1. If employee-related, HR leads the investigation.
    16.2. If resident-related, RM or investigation lead conducts investigation.
17. Investigation lead documents facts, conducts interviews, and gathers supporting documents.
18. Investigation lead documents recommended corrective actions in the Incident Report.
19. Submit corrective action recommendations to DO.
20. DO decides on final corrective actions, assigns owners and timelines.
21. DO initiates Insurance/Property Damage Claim Process in parallel if triggered.
22. Submit final completed Incident Report to HR for filing when applicable.
23. RM/DO receive and file final Incident Reports involving employees/residents.
24. RM follows up with involved parties within 1 week and checks in about return to duties as needed.
25. DO monitors corrective action completion.
26. HR maintains legal documentation and files employee-related records.
27. End.
