Lead Intake, Tracking & Screening — Sales to RM

Lead Intake, Tracking & Screening — Sales to RM

Owner: Natalie Magurne
Last Updated: Jul 11, 2026
Scope: This SOP covers lead intake through final application decision (approved, denied, or lost), including consistent follow-up, application completeness review, screening via AmRent in Rent Manager, income verification, escalation to Regional Manager for final decisions, and confidentiality controls. Sales is the lead owner for receiving leads and logging prospects, and manages follow-ups through application completion before handoff to Screening Coordinator; application sending may be handled by Sales or Community Manager depending on chain of contact.

Deny; document final decision

Sales-to-Move-In Screening Workflow

Diagram information

This diagram maps the prospect-to-move-in workflow across Sales, Community Manager, Screening Coordinator, and Regional Manager. It covers lead intake, prospect status assignment, application submission, document completeness checks, screening (via AmRent), outcomes (approve/deny/further review), escalation to Regional Manager, notifications, and move-in coordination or loss recording.

Prospect Intake and Screening SOP

1. Start: Receive lead (phone/email/website/walk-in/paper).
2. Log prospect in Rent Manager (Prospects > Add Prospect).
3. Assign status: New Prospect.
4. Determine primary contact for sending application.
    4.1. If Sales is primary contact, Sales sends application (verify no duplicate record).
    4.2. If Community Manager is primary contact, CM sends application (verify no duplicate record).
5. After application is sent, follow-up weekly and document in History & Notes.
6. If prospect becomes non-responsive or not interested during follow-up, set status: Lost and document reason, then End.
7. If prospect is responsive and still interested, prospect pays fee, completes application, uploads documents, and signs consent.
8. Check: Application complete & fee paid?
    8.1. If No, keep status New Prospect; request missing items; continue weekly follow-up.
    8.2. If Yes, update status: Application Completed; notify Screening Coordinator.
9. Screening Coordinator: Review application completeness; verify ID, income, paystubs, bank statements, signed consent, and completed fields.
10. Are there missing documents or signatures?
    10.1. If Yes, notify Sales & Community Manager of missing items and coordinate collection of missing documents; update Rent Manager record.
        10.1.1. After updates, re-check completeness.
    10.2. If No, run screening via AmRent and await results (up to 72 hrs).
11. Review screening results: ID, SSN/ITIN, credit, criminal, bankruptcy, eviction.
12. Verify income; calculate Rent:Income & Debt:Income; confirm income >= 2.5x monthly lot rent.
13. Determine screening outcome: Approved / Denied / Further Review.
    13.1. If Approved, update status: Approved; document decision in notes; notify Community Manager of approval; coordinate move-in preparation; End.
    13.2. If Denied, notify Community Manager (denial under review before notice) then send denial notice to prospect; End.
    13.3. If Further Review, escalate to Community Manager & Regional Manager with a limited summary.
14. Regional Manager: Review escalated application & inputs and make final decision.
    14.1. If Approve, RM approves and documents final decision; Screening Coordinator updates status to Approved and follows approval path.
    14.2. If Deny, RM denies and documents final decision; Screening Coordinator follows denial path (notify CM then send denial notice to prospect).
