106- Regional 30-day action plan draft.docx

Chat notes

What is the first deliverable for the 30-Day Regional Site Visit Follow-Up Plan process documentation?

Deliver both a V1 process diagram and a written SOP outline.

Natalie Magurne 07/28/2026

How should the 30-Day Regional Site Visit Follow-Up Plan be organized visually?

Use role-based swimlanes for Regional Manager, Community Manager, Maintenance Lead, and Director of Operations.

30-Day Regional Site Visit Follow-Up Plan

30-Day Regional Site Visit Follow-Up Plan

Owner: Natalie Magurne
Last Updated: Jul 28, 2026
Scope: This process covers Regional Managers completing a community site visit and producing a signed 30-day follow-up plan with action items entered in Rent Manager, files uploaded to OneDrive, and the plan distributed to the Community Manager and Director of Operations within the same week as the visit.

Diagram key

End
Participate in walkthrough & reviews
Participate in walkthrough & review maintenance/rehab status

30-Day Site Visit and Follow-Up Workflow

Diagram information

This diagram maps the Regional Manager-led 30-day site visit process for property inspections and follow-up actions. It shows the sequence from scheduling a visit through walkthroughs, documentation (360 video, photos), creating and completing a 30-Day Site Visit Follow-Up Plan, reviewing resident/account status, assigning actions in Rent Manager, obtaining sign-offs from Community Manager and Regional Manager, and distributing/uploading final documentation to stakeholders including the Director of Operations. Key participants: Regional Manager, Community Manager, Maintenance Lead, Director of Operations.

30-Day Site Visit Follow-Up SOP

1. Start the process by scheduling or conducting the site visit.
2. Review the previous 30-Day Plan and open items.
    2.1. Prepare the 30-Day Site Visit Follow-Up Plan template.
3. Confirm GoPro/phone is charged and ready for a 360 video.
4. Conduct a full property walkthrough with Community Manager and Maintenance Lead participating.
5. Review project status, outstanding maintenance, and review AR & eviction status.
6. Determine if any residents are 30+ days past due or in eviction.
    6.1. If Yes, document resident(s) as action item(s).
    6.2. If No, review new home landings & rehab homes.
7. For vacant homes: walk vacant homes to verify they are clean, powered, and show-ready.
8. For non-vacant or where applicable: record a GoPro 360 video from property signage.
9. Take supporting photos of issues and common areas.
10. Complete the 30-Day Site Visit Follow-Up Plan (up to 11 actions).
11. Review items from the last visit to determine completion status.
    11.1. If items are complete, obtain Community Manager sign-off on the completed plan.
    11.2. If items are not complete, document reasons and carry them forward as new actions, then obtain Community Manager sign-off.
12. Regional Manager signs off on the completed plan after Community Manager approval.
13. Save the completed signed plan as a PDF named PropertyName_SiteVisit_MMDDYYYY.
14. Upload the Plan PDF, video, photos, and reports to OneDrive → Site Visits and Inspections.
15. Ensure action items are entered in Rent Manager (tagged, assigned, linked).
16. Distribute the Plan PDF to the Community Manager.
17. Submit the Plan PDF to the Director of Operations with the Regional Weekly Recap.
18. Director of Operations receives the completed Plan PDF.
19. Schedule the next site visit and set follow-up reminders.
20. End the process.
