

March 2026
Board Meeting

3/11/26

CONFIDENTIAL

PARAKEET BOARD MEETING AGENDA

1. CORPORATE
2. JREFI REVIEW
3. JREFII REVIEW
4. OPCO REVIEW
5. CAPITAL STRUCTURE INITIATIVES
6. APPENDIX

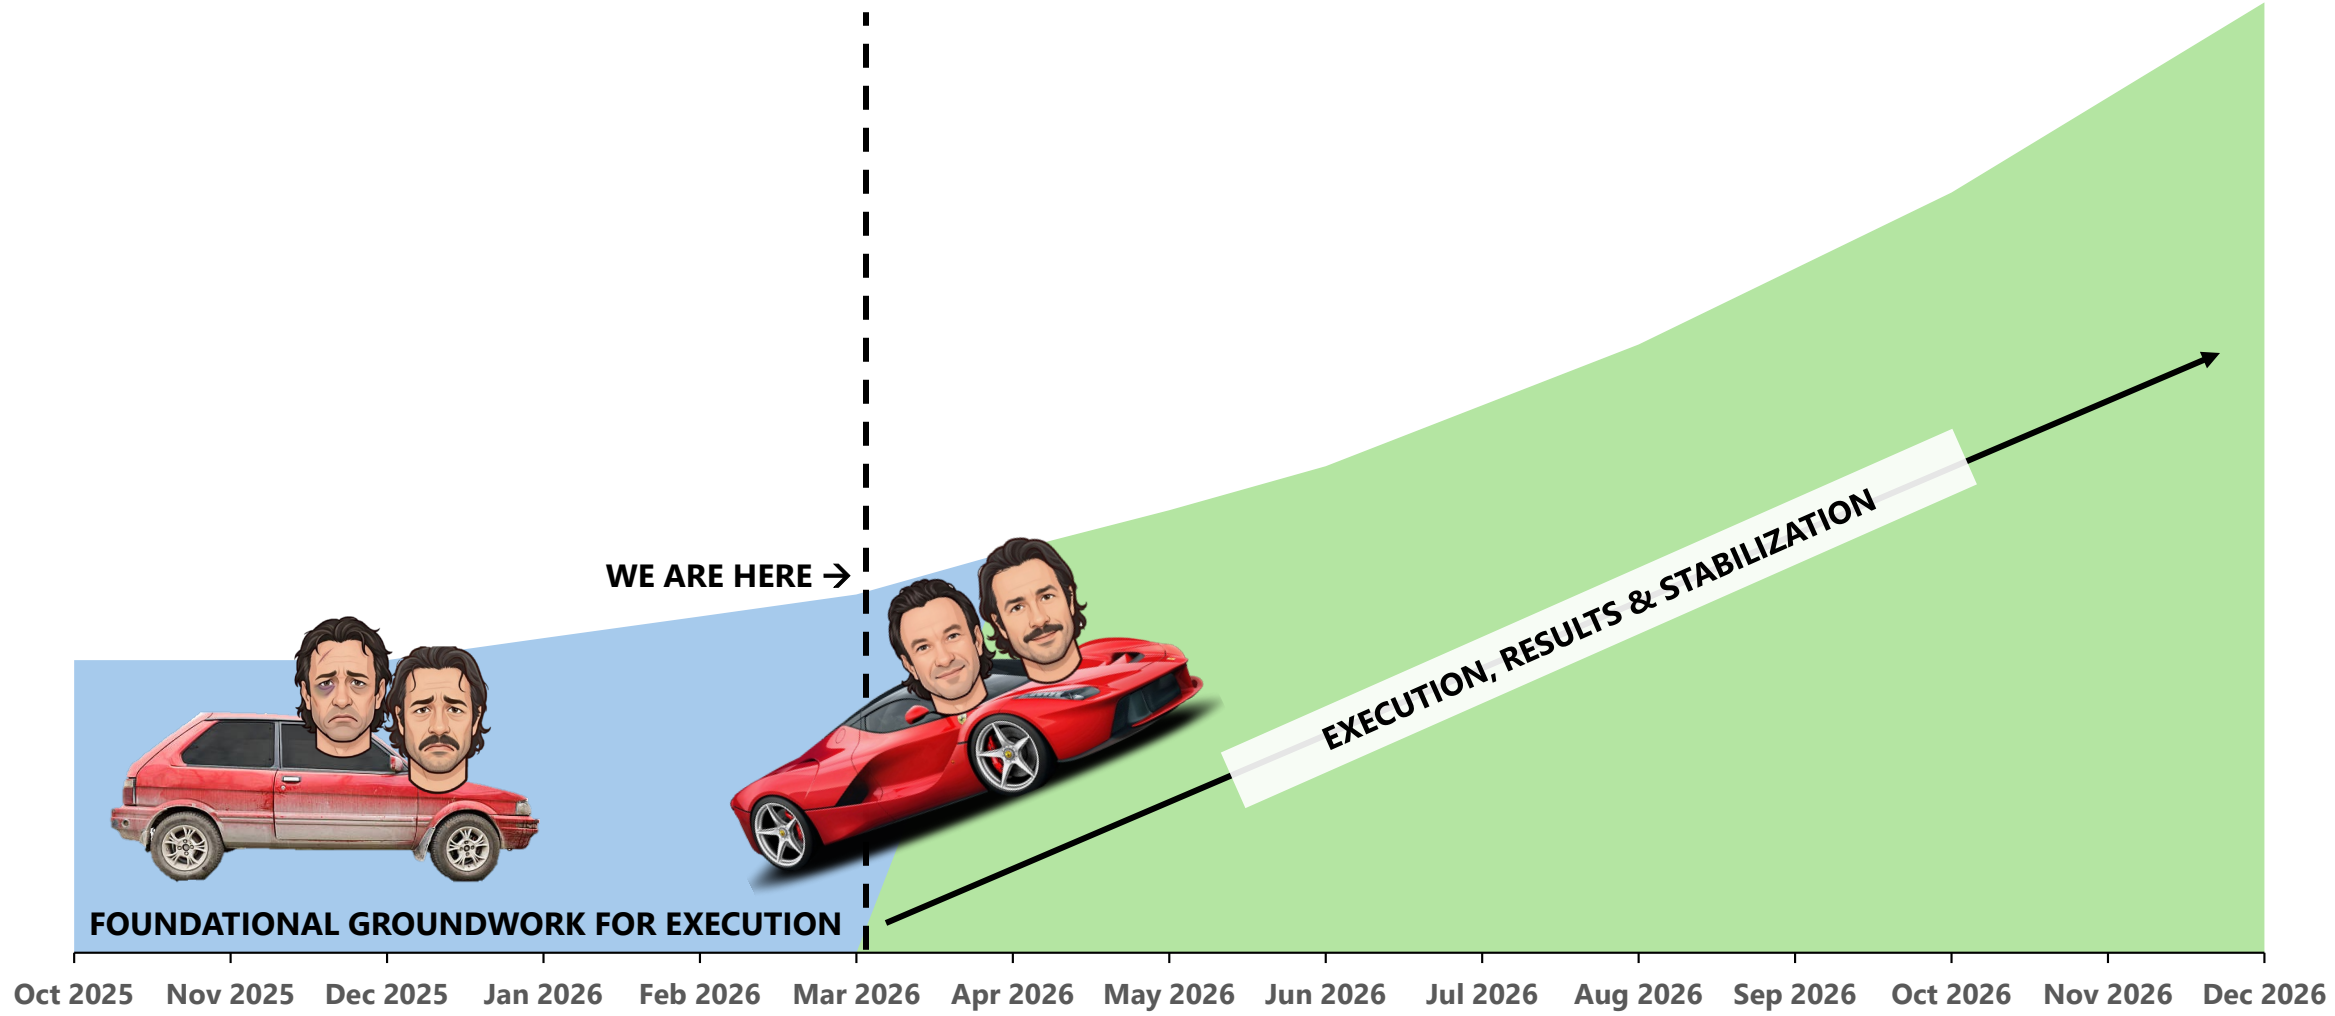

EXECUTIVE SUMMARY

- ✓ **FOUNDATION:** Over the last 6 months we have focused on building out internal processes and systems to fill and fix broken communities and maximize property value
- ✓ **COORDINATION & COMMUNICATION:** Being able to seamlessly execute business plans across portfolios and geographies requires significant coordination across all departments at all times
- ✓ **HUNDREDS OF INDIVIDUAL PROJECTS:** Each home install, rehab and capex investment is a separately permitted project that requires internal / external coordination, tracking and reporting
- ✓ **SYSTEM BUILT & PROGRESS UNDERWAY:** We have completed building out the systems and foundation and early execution is strong across these initiatives:

SITE PLANS COMPLETE	HOMES ORDERED	REHABS COMPLETE	HOMES SOLD
398	**201** ***17 DELIVERED***	**52** ***45 ADDITIONAL IN PROGRESS***	**25**

THE ENGINE IS BUILT: EXECUTION IS ACCELERATING

OVER THE LAST 6 MONTHS WE HAVE PUT THE TEAM IN PLACE AND BUILT THE FOUNDATIONAL GROUNDWORK TO EXECUTE AT AN INSTITUTIONAL LEVEL

1 | CORPORATE

REVIEW OF PARAKEET 2025 GOALS & OBJECTIVES

Acquisitions & Cap Markets

- ☑ **Acquisition-fueled Growth –** Continue growing in FL while expanding in new target markets (GA, SC, NC, VA, AL)
- ☑ **Close portfolio refinancing –** Refinance initial tranche of JREFII deals & future funding facility for new JREFII deals
- ☒ **Recapitalize JREFI portfolio & launch Core+ vehicle –** Remains a major future initiative, but timing behind plan/uncertain
- ☑ **Legacy asset base clean-up –** Launch sale process to exit majority of pre-Parakeet assets to 3P buyer or JREFII
- ☑ **Explore strategic transactions –** Continue having conversations with other operators about strategic & portfolio deals

Corporate

- ☑ **Corporate team expansion –** Key hires for 2025 are CFO, VP of Construction and a Home Sales & Leasing Coordinator
- ☑ **Company-wide incentive compensation –** cash and equity participation incentive compensation plans in place for 2026
- ☑ **Asset management –** with CFO coming on board, shift efforts towards business plan execution, KPIs and financial analytics
- ☒ **Tableau-based financial reporting –** Soft launch for 2024 YE AM tearsheets with full launch for Q1 2025 AM tearsheets
- ☑ **Occupancy & project management reporting –** Finalize internal real-time reporting, with Jadian reporting to follow
- ☑ **Finance & accounting –** Major improvements underway across the board wrt/taxes, audit, financial review and reporting

Operations

- ☑ **In-fill & occupancy –** Major in-fill and occupancy initiative in planning and underway to get portfolio to 95%+ occupancy
- ☑ **POH reduction initiative –** Sales processes, listings, renter conversion programs, internal financing options all under way
- ☑ **Rehabs & renovations –** Put in place a standardized process for renovations and rehabs given current POH concentration
- ☑ **Field team optimization –** Trim, reorganize and upgrade field team around growing asset base at same or lower costs
- ☑ **Operations reporting –** Upstream monthly reporting put in place for property operations, construction & occupancy
- ☑ **RV occupancy improvements –** As part of in-fill initiative, major push to convert RV sites to park models/tiny homes

PARAKEET 2026 GOALS & OBJECTIVES

Acquisitions & Cap Markets

- ❑ **Recapitalize JREFI portfolio & launch Core+ vehicle –** Launch process by year-end with significant operating momentum
- ❑ **Continue JREFII portfolio aggregation –** Focus on increased scale in existing markets and high quality, large assets
- ❑ **Trigger final JREFI & initial JREFII WSRED earn-outs –** Final JREFI earnout and first JREFII earnout expected in 1H 2026
- ❑ **Portfolio repositioning initiatives –** Close Shell Pointe + Congress sales & explore other select JREFI dispositions (Geiger)
- ☑ ***Explore strategic transactions –*** *Regency I & II in Savanna, GA & McGregor Downs in Columbia, SC are strategic for us*

Corporate

- ❑ **Corporate team maturation –** Enhanced training across operations, sales and maintenance to drive retention and results
- ❑ **Company-wide incentive compensation –** Roll out clear year-end bonus targets and up/down drivers across company
- ❑ **Asset management –** Build out enhanced processes for service contracts, utility operations and biz plan execution
- ❑ **Lean into AI & technology –** Integrate AI into workflows and implement tech to drive efficiency, accuracy & adherence
- ☑ ***Enhanced reporting –*** *Weekly internal and Jadian reporting rollout across occupancy/infill, capex and operations KPIs*
- ❑ **Finance & accounting –** Improved audit/tax, real-time cash reporting, restructure h-care, insurance RFP, utility optimization

Operations

- ❑ **In-fill initiative –** Complete 400+ vacant site surveys, order ~230 new homes and market them for sale up to 30% max loss
- ❑ **Rehabs & renovations –** Complete 100+ rehabs and implement programmatic system to turn homes in <60d
- ❑ **Sales & marketing machine –** Fully functioning dept. w/fully-trained salesforce, 7 days to list SOP & ~400 homes sold
- ❑ **POH reduction initiative –** Reduce our POH count across portfolios by 100+ units and push renter conversions above that
- ❑ **Community improvement –** Kick-off 150+ community improvement projects focused on infrastructure & amenities
- ❑ **RV site conversions & optimization** – In-fill RV sites with park models and generate incremental revenues from Campspot

IN-FILL EXECUTION CERTAINTY DRIVES > EXIT VALUE

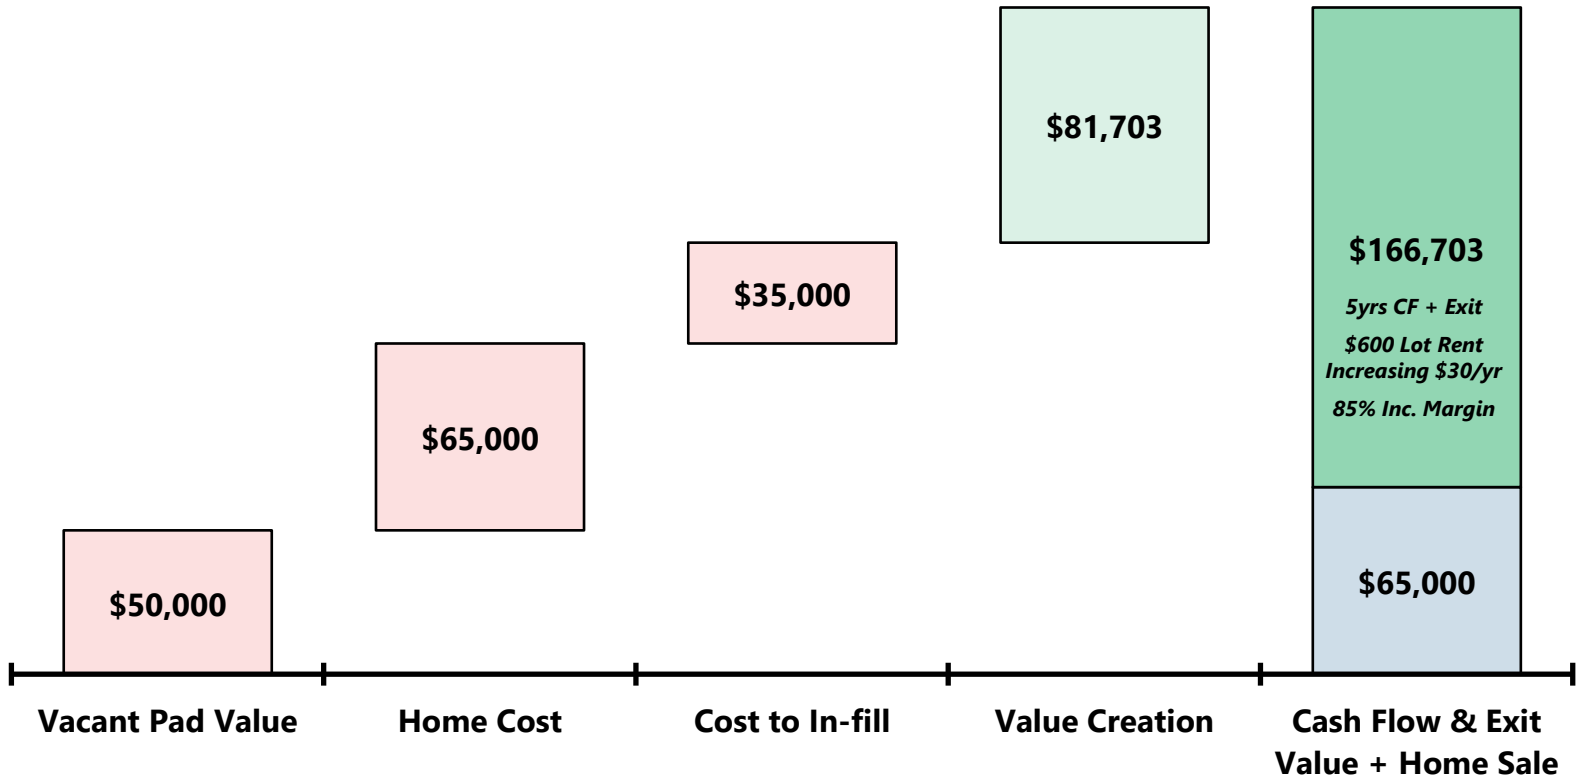

SHOWING PROOF-OF-CONCEPT & BIZ PLAN EXECUTION ENHANCES EXIT VALUE THROUGH VACANT PAD VALUE AND PERCEIVED RISK (DISCOUNT RATE) OF IN-FILL CASH FLOWS*

IN-FILL IS HIGHLY ACCRETIVE

In-filling vacant lots creates significant value but with proof-of-concept vacant lots have additional value

KEY ASSUMPTIONS	
Vacant Pad Value	$50,000
Home Purchase Price	$65,000
Costs to In-fill	$35,000
Home Sale Value	$65,000 (35%<Cost)
Cap Rate on NOI	5.75% (Yr6)
Unlevered IRR	15%
Unlevered IRR w/$0 Vacant Pad Value	39%

UNDISCOUNTED CASH FLOWS OF IN-FILL OVER 5 YEAR HOLD PERIOD

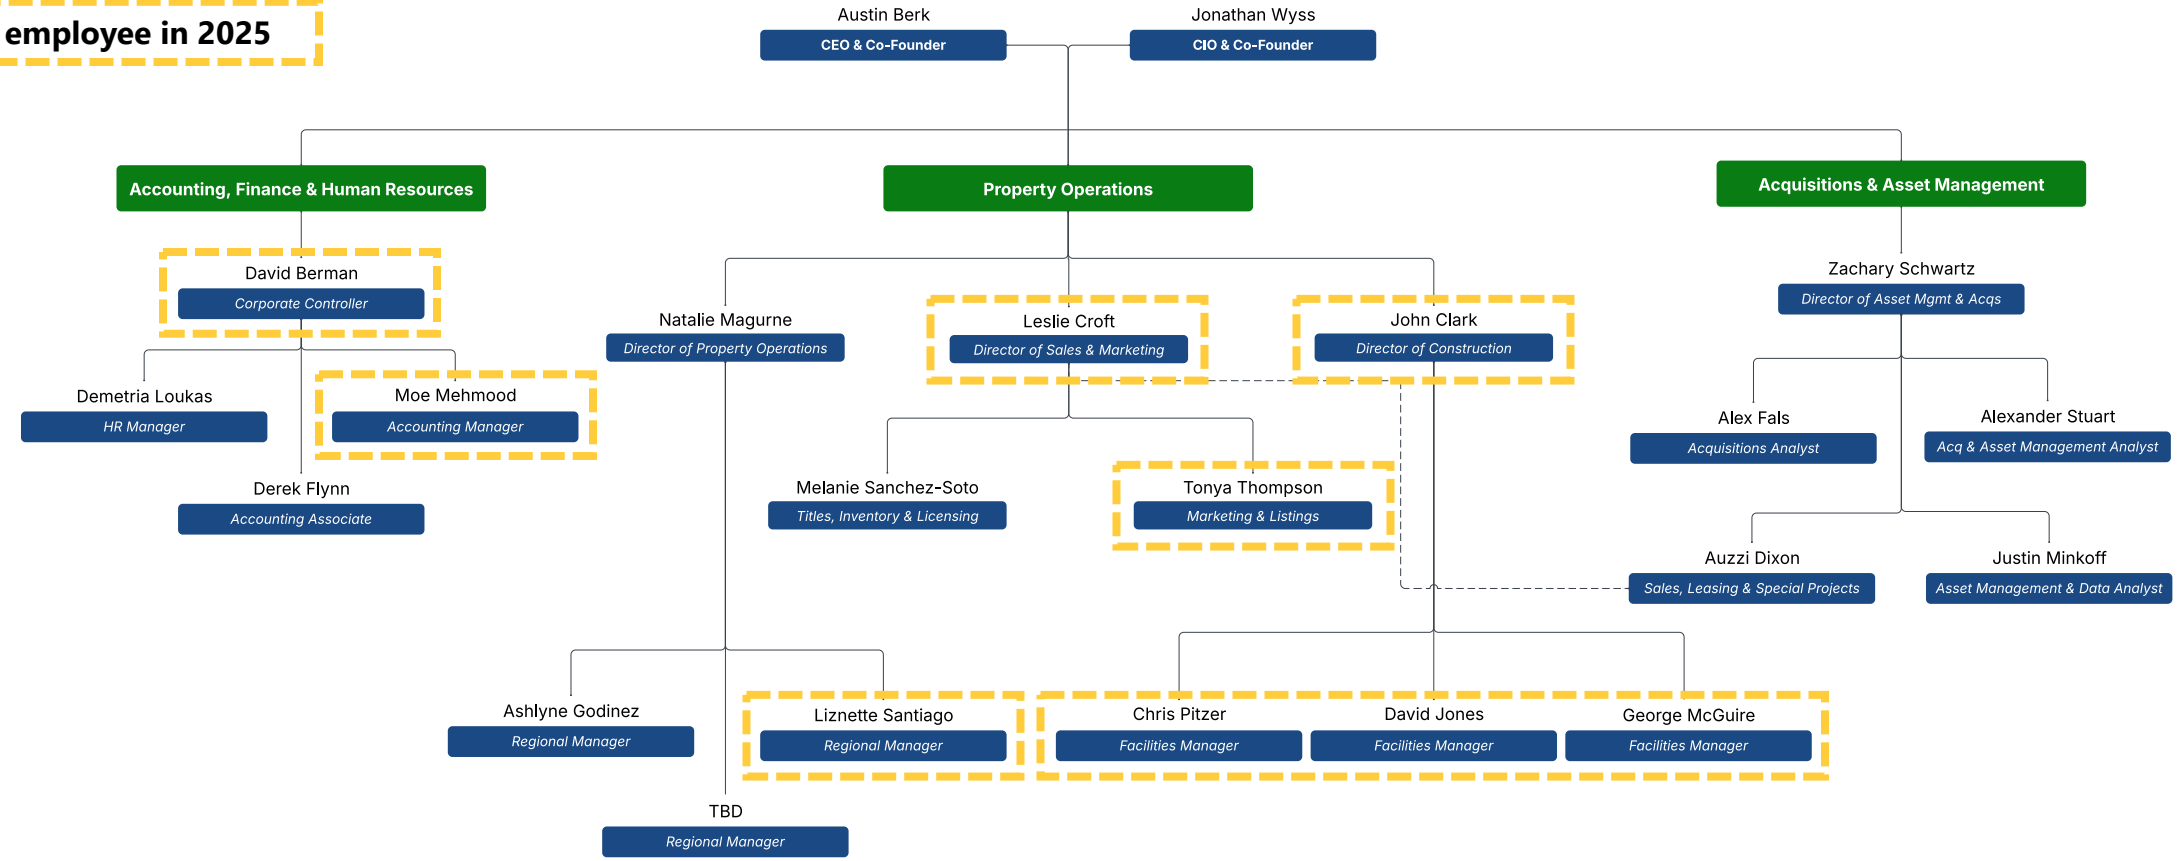

** According to Eastdil, the mere proof of concept of being able to execute in-fill substantiates a higher value per vacant pad from recap equity b/c it increases certainty of forecasted cash flows.*

FULLY-BUILT ORGANIZATIONAL STRUCTURE

42 TOTAL CORPORATE EMPLOYEES ACROSS DEPARTMENTS AND INCLUDING OFFSHORE & SUPPORT STAFF

New employee in 2025

Offshore & Support Staff
8 Employees

Offshore & Support Staff
5 Employees

Offshore & Support Staff
7 Employees

SALES & MARKETING DEPARTMENT OVERVIEW

DEPARTMENT LEADERSHIP & TEAM

Leslie Croft – Director of Sales & Marketing
12+ Years of Experience – Blair, Cove, Bedrock

Team Members & Responsibilities

Auzzi Dixon – backup for LC, task assignment, prospecting
Melanie Sanchez – titles, sales paperwork, ops liaison
Tonya Thompson – listings, data, marketing & branding
Jhoiner Perez (OS) – call center (inbound & outbound)

YEAR-END 2026 GOALS

- ☐ **ORDER ~230 NEW HOMES** – In-filling vacant lots is priority #1
- ☐ **LIST ~400 HOMES** – Inclusive of rehabs, ready homes & in-fill
- ☐ **SELL ~400 HOMES @ MAX LOSS OF 30%** – Discount = velocity
- ☐ **CRM** – Finalize implementation of CRM for prospect tracking
- ☐ **FULLY FUNCTIONING SALES ORGANIZATION** – Finalize organizational processes and workflows so we have a machine
- ☐ **TECH** – Explore use of AI to improve SEO, sales conversion, etc.

KEY ACCOMPLISHMENTS & WINS (LAST 6 MONTHS)

- ✓ **MANUFACTURER RELATIONSHIPS** – Attended tradeshows & factory visits; Cavco = key supplier & efficient home selection process in place
- ✓ **FINANCING PARTNERSHIPS** – Launched several financing programs across floorplan, conversion, rental & consumer mortgage lenders
- ✓ **DEALERSHIP SETUPS** – Dealerships in place and fully functional across all states & onboarded w/manufacturers & lenders (got SC license!)
- ✓ **MANAGER TRAINING** – Manager sales training rolled out across all communities with occupancy initiatives; commission structure in place
- ✓ **LAUNCHED NEW WEBSITE** – New website launched with enhanced marketing functionality, back-end/integrations, SEO & digital advertising
- ✓ **SOP BUILD-OUT** – All department SOPs mapped out, documented and being followed – listings, prospecting, ordering, website updates, etc.
- ✓ **SALES DOCUMENTATION** – Reworked all sales documentation to comply with legal requirements and industry standards; automated in RM
- ✓ **IMPLEMENTED ENHANCED TITLE PROCESS** – Implemented entirely new title process = better documentation & repossession efficiency

CONSTRUCTION DEPARTMENT OVERVIEW

DEPARTMENT LEADERSHIP & TEAM

John Clark – Director of Construction
15+ Years of Experience – Lakeshore

Team Members & Responsibilities

- **Facilities Managers (3)** – Regional construction managers overseeing projects and maintenance training & compliance
- **Vlad Baga (OS)** – Construction project coordinator and administrative support; kick-offs, close-outs & reporting/data

YEAR-END 2026 GOALS

- ☑ ***COMPLETE SITE SURVEYS ACROSS ALL ASSETS –*** *This is already done on ~400 lots well ahead of schedule*
- ☐ **KICK-OFF 150+ COMMUNITY IMPROVEMENT PROJECTS**
- ☐ **COMPLETE 100+ REHABS ACROSS THE PORTFOLIOS**
- ☐ **SEAMLESS LOT PREP, DELIVERY & INSTALLS OF ~200 HOMES** – This goes in lockstep with ordering homes and every home is its own project. Significant preparation that has gone into being ready to execute this

KEY ACCOMPLISHMENTS & WINS (LAST 6 MONTHS)

- ✓ **IN-FILL** – Put into place SOPs for facilities mgrs. to QC new home installs, put in home warranty requests and complete delivery inspections
- ✓ **VACANT SITE PLANNING** – Inventoried pics and details on all vacant lots; completed all site plans for home sizing, permits & lot prep needs
- ✓ **MOVING & SET CREW RELATIONSHIPS** – Multiple vendors selected as key relationships to move, receive & set new homes across regions
- ✓ **REHAB STRATEGY** – Identified & assessed all backlogged rehabs across asset base, initiated plan to complete majority by end of Q1 with separate rehab crews across regions, and implementing programmatic strategy to turn any vacated homes for sale/lease in <60 days
- ✓ **LARGE INFRASTRUCTURE PROJECTS** – Completed & started multiple large infrastructure projects across asset base (sewer, water, roads, etc.)
- ✓ **FM HIRING & TRAINING** – Hired/promoted internally 3 facilities managers to oversee projects & train maintenance staff; training underway
- ✓ **PROJECT REPORTING** – Worked closely w/AM & Accounting to implement detailed project reporting and tracking (stage, time, $, etc)

PROPERTY OPERATIONS DEPARTMENT OVERVIEW

DEPARTMENT LEADERSHIP & TEAM

Natalie Magurne – Director of Property Operations
20+ Years of Experience – Vornado, Pacific Retail Capital

Team Members & Responsibilities

- **Regional Managers (3)** – Regional operations oversight
- **On-Site Managers & Maintenance** – Property-level staff
- **Keiter Abreu (OS)** – Resident customer service, call center
- **Clarissa Andres (OS)** – Ops coordinator and admin

YEAR-END 2026 GOALS

- ☐ **COLLECTIONS** – Keep monthly delinquencies <2% & optimize eviction process to keep eviction turnover to <90 days
- ☐ **INFILL** – Guide, collaborate and assist both Construction and Sales & Marketing Departs on in-fill and occupancy
- ☐ **CONTROLLABLE EXPENSES** – Keep within 5% of budget by implementing tight cost controls and field employee incentives
- ☐ **PAPER LEASES** – Have 95% of residents on actual leases by year-end 2026

KEY ACCOMPLISHMENTS & WINS (LAST 6 MONTHS)

- ✓ **FACILITATION OF DEPARTMENT BUILD-OUTS** – Played major role in build-out of both sales & marketing & construction departments
- ✓ **PORTOLIO-WIDE RESIDENT EVENTS CALENDAR** – Based on resident surveys, created quarterly standardized events for all residents
- ✓ **FIELD TEAM UPGRADES & ADDITIONS** – Replaced/upgraded 13 field employees to upgrade talent & align team with major goals (sales)
- ✓ **MAINTENANCE MANUAL ROLLOUT** – Created 77pg maintenance manual filled with maintenance SOPs, checklists & best practices
- ✓ **STANDARDIZED SOP WORKFLOWS** – Re-worked SOPs across all ops workflows (evictions, collections, spending, etc.) w/tech & automation
- ✓ **STRENGTHENED COMPLIANCE** – Chapter 723 prospectus procedures, lease signing, resident disclosures, resident screening, etc.
- ✓ **LOCATION-BASED HOME BUYING** – Worked with LC & manufacturers to streamline home selections based on resident/location experience
- ✓ **FIELD TEAM TRAINING ON FINANCIALS & BUDGETS** – Rolled out enhanced training for field staff on financial reporting, budgets & KPIs

ACCOUNTING & FINANCE DEPARTMENT OVERVIEW

DEPARTMENT LEADERSHIP & TEAM

David Berman – CFO Promote

10+ Years of Experience – WashREIT, Federal Realty, Deloitte, PWC

Team Members & Responsibilities

- **Moe Mehmood** – Oversees mo. closings, corporate accounting
- **Derek Flynn** – Treasury analytics, accounting administration, AR
- **Sony Sailadin (OS)** – AP management, property accounting lead
- **7 Offshore Accountants (OS)** – 5 property accountants, 2 AP accts.

YEAR-END 2026 GOALS

- ☐ **K-1 DELIVERIES IN MAY –** On-time and accurate delivery
- ☐ **REAL-TIME CASH REPORTING** – Monthly internal cash planning
- ☐ **RESTRUCTURE HEALTHCARE BENEFITS** – Renewal in July
- ☐ **COMPLETE PLATFORM-WIDE INSURANCE RFP** – Moving from IOA to Baldwin in March to better serve platform size & growth
- ☐ **UTILITY PROCESS REVIEW & IMPROVEMENTS –** Further optimize utility billing, recapture, reporting & expenses

KEY ACCOMPLISHMENTS & WINS (LAST 6 MONTHS)

- ✓ **HIRED & REALIGNED ENTIRE DEPARTMENT** – Replaced accounting manager, restructured workflows around department and efficiency+
- ✓ **RENEGOTIATED PAYMENT PROCESSOR CONTRACTS** – Reduced like-for-like ongoing expenses by ~$40k by putting new contracts in place
- ✓ **CAPEX TRACKING IMPROVEMENTS** – Instituted WIP accounts and codes to track capex projects by asset, property and project
- ✓ **DETAILED COMPLIANCE CALENDAR** – Created robust fiscal-year based calendar for payroll, debt, tax, property tax, etc. deadlines
- ✓ **EXPEDITED MONTHLY CLOSING PROCESS** – Working towards robust monthly closing process for real-time reporting
- ✓ **OUTSOURCED UTILITY BILL PAYMENTS & PROCESSING** – Allows for unlimited scale and reduced overseas staffing; billing error reduction
- ✓ **REBUILT ENTIRE PAYROLL MODEL** – Real-time and robust allocation of payroll & healthcare expenses by property and geography
- ✓ **IMPROVED FINANCIAL REVIEW PROCESS** – Reduced the burden on asset mgmt. to fix bookings; enhanced ability to manage business

ASSET MANAGEMENT DEPARTMENT OVERVIEW

DEPARTMENT LEADERSHIP & TEAM

Zach Schwartz – Director of Asset Mgmt. & Acquisitions
10+ Years of Experience – Rialto, Pensam Capital Mgmt

Team Members & Responsibilities

- **Alex Stuart** – Reporting, financial analysis & data management
- **Justin Minkoff** – RentManager, operations input QC
- **Anna Marie Lapitan (OS)** – AM back-end support
- **Gearlene Valenzuela (OS)** – AM back-end support

YEAR-END 2026 GOALS

- ☐ **SALES & MARKETING REPORTING** – Once CRM built out, we will roll out more detailed reports around prospects, home sales, etc.
- ☐ **UTILITY OPTIMIZATION** – Analytics in tandem with Acctg team
- ☐ **SERVICE CONTRACTS** – Optimize process & find savings
- ☐ **INTERNAL REPORTING** – Enhance KPI reporting for Ops Team
- ☐ **FINALIZE CAPEX TRACKING** – Working on improved tracker 2.0
- ☐ **TECH** – Explore use of AI for budgeting, reporting & analytics

KEY ACCOMPLISHMENTS & WINS (LAST 6 MONTHS)

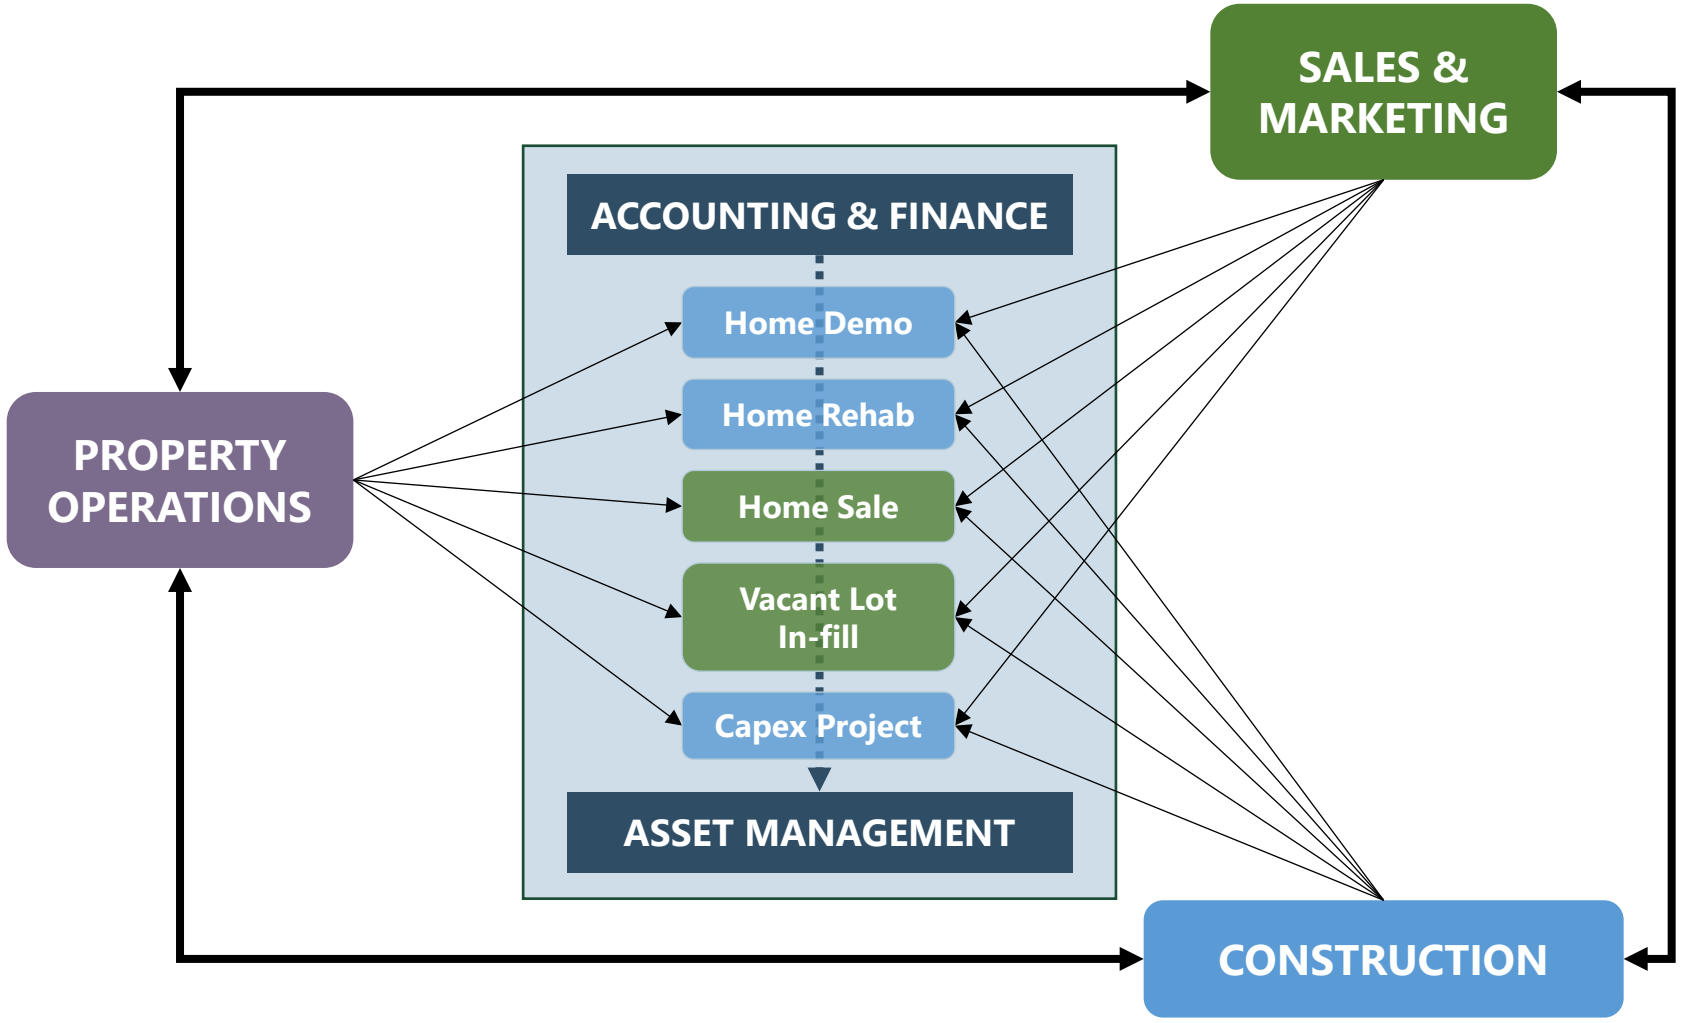

- ✓ **CORPORATE MODEL & VALUATION** – Worked with Jadian team to build robust corporate model and take on quarterly valuations going fwd
- ✓ **CAPEX TRACKER** – Implemented monthly capex reporting to share progress on timing, cost and execution of capex projects (needs iterated)
- ✓ **PROCESS DOCUMENTATION** – Broke down & mapped workflows across dept's to break things into steps, co-dependencies & responsibilities
- ✓ **SYSTEM IMPLEMENTATION** – Worked with RM to develop task-tracking system for occupancy & capex workflows, tracking all steps
- ✓ **CROSS-DEPT TASK NOTIFICATIONS** – Created custom intra-project notifications & reports out of the system for each department
- ✓ **OCCUPANCY TRACKER** – Worked with Jadian team to create granular weekly occupancy & in-fill tracker to show step-by-step progress
- ✓ **FINANCIAL REPORTING** – Improved automation of financial reporting which shortened report turnaround from 2 weeks to <48 hours

CROSS-FUNCTIONING DEPARTMENTS ARE CRITICAL

MAJOR WORKFLOWS SPAN ALL DEPARTMENTS → AM + ACCTG & FINANCE ARE CENTRAL HUB

CHART COMMENTARY

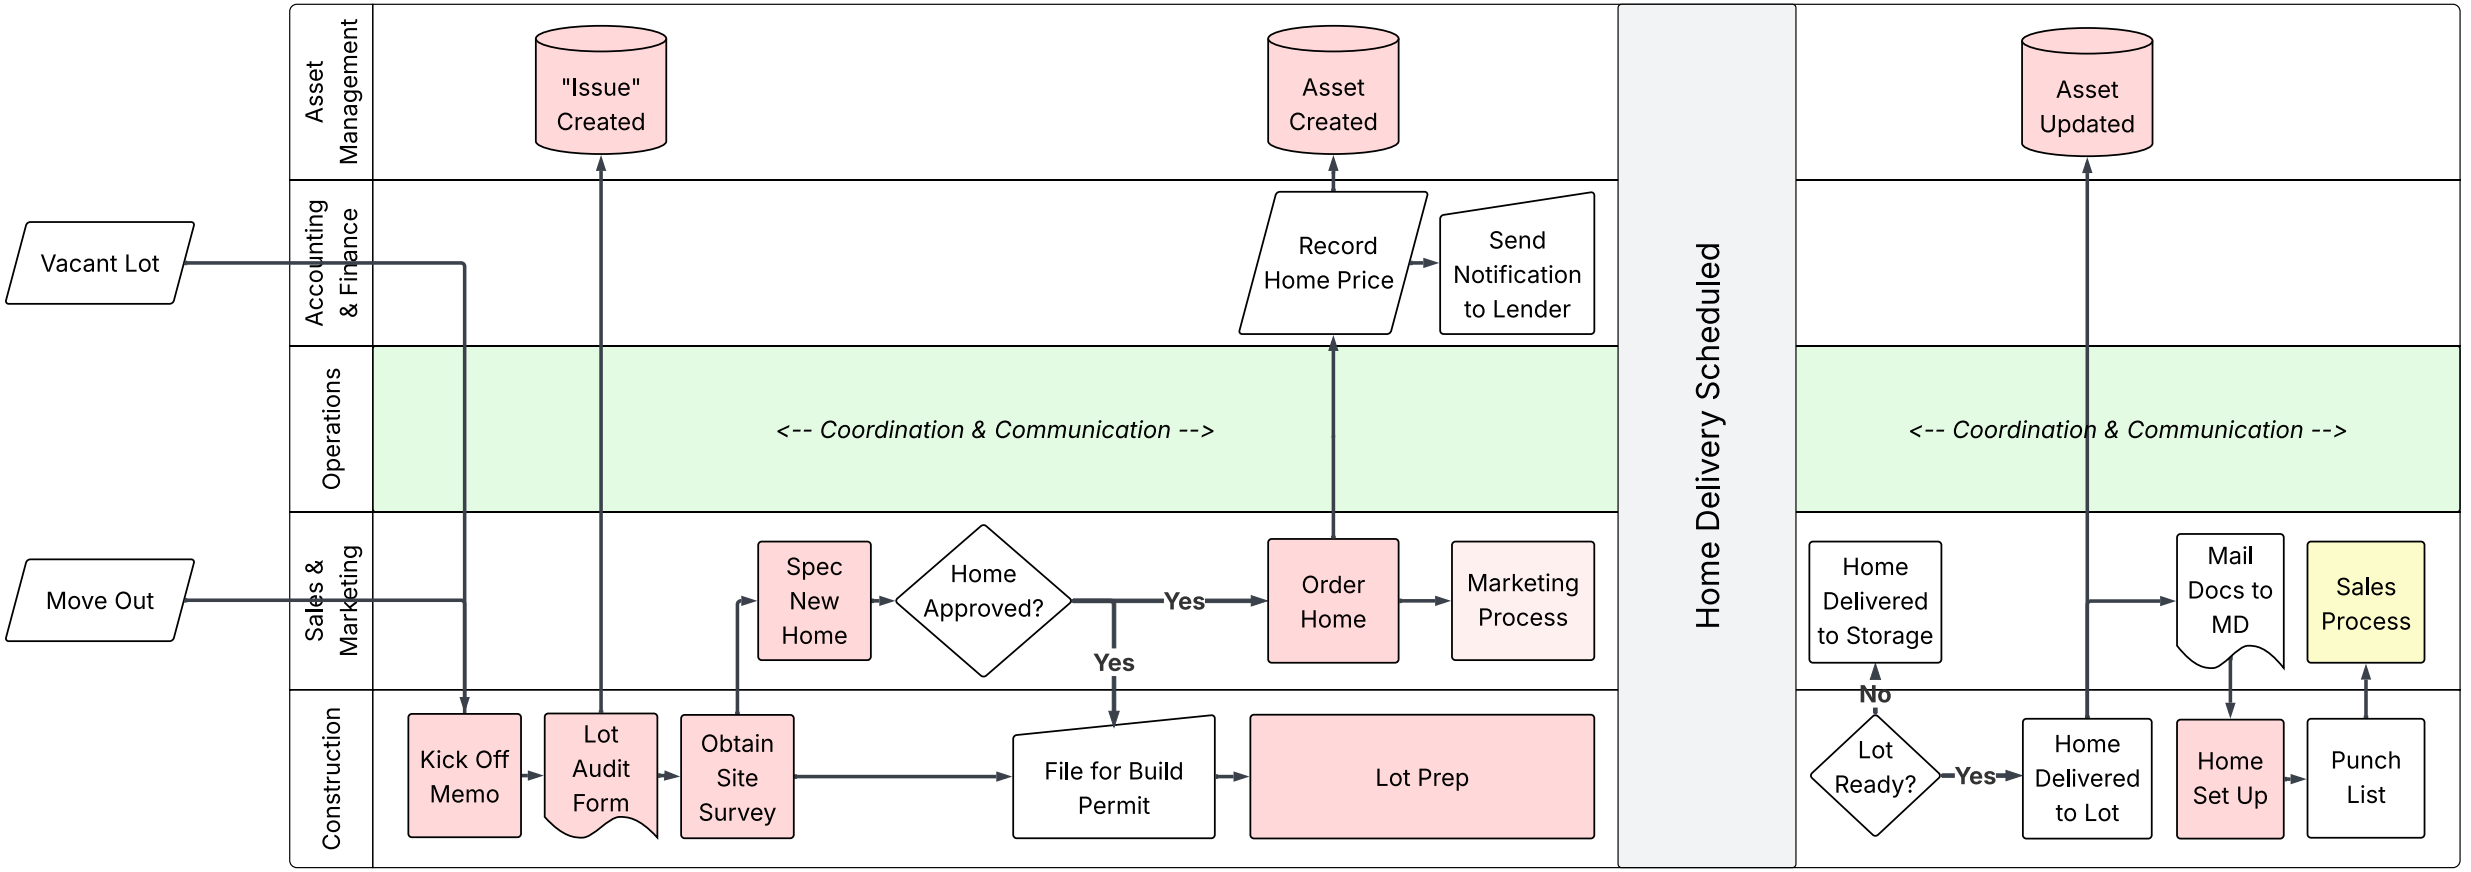

- ✓ **Property Operations** is the initial source for project initiation, in collaboration with other depts
- ✓ **Sales & Marketing** and **Construction** lead execution of their respective projects, with communication & collaboration
- ✓ **Accounting & Finance** involved in all projects from start to finish, reviewing & processing invoices
- ✓ **Asset Management** sets the tone and is tracking projects to budget, reporting on progress and holding departments accountable

SOPs DEVELOPED WITH COLLABORATION IN MIND

PROCESSES MAPPED OUT ACROSS ALL DEPARTMENTS TO DEFINE CLEAR RESPONSIBILITIES AND DECISION TREES FOR MAJOR WORKFLOWS, CREATING ACCOUNTABILITY & REPORTING

INFILL PROCESS FLOW CHART

REPORTING & TRACKING SYSTEM FOR SOPs BUILT

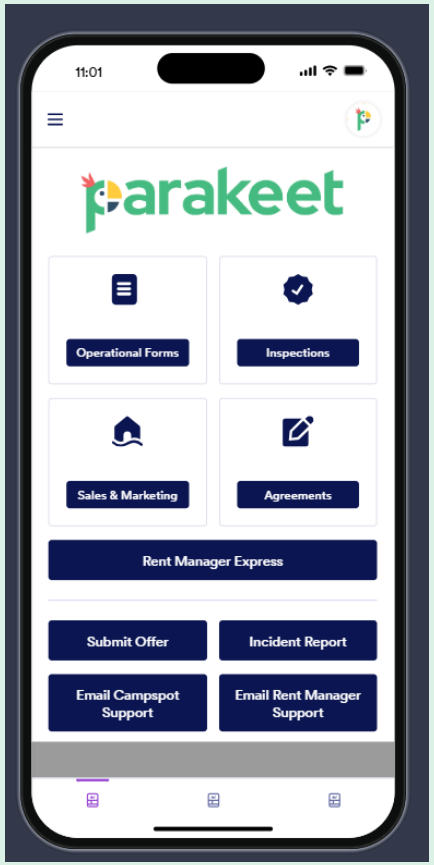

SYSTEMS BUILT TO ENSURE TRACKING, REPORTING AND DATA INTEGRITY OF SOPs

RENTMANAGER x DATA WAREHOUSE

- ✓ We leveraged our existing systems and software to create a **robust and cost-effective** project management system
- ✓ The back-end of our SOPs and workflows has been meticulously built-out for **managing departments, tracking and reporting**
- ✓ Each step/task of our major project types (capex, demo, in-fill, rehab and sale) is built out in RentManager with the responsible department lead assigned to it so that we can extract the **status** of that task along with a **timestamp** and create **custom outputs**
- ✓ We set up **automated daily reports** and **filtered task lists** (with the help of department leads) that get circulated to make sure everyone is aware of status changes and additions to the system
- ✓ These reports are also used by us to keep tabs on project status, problem solve issues, identify delays and manage the business
- ✓ **RentManager is our "single source of truth"** for all project-related and home inventory/home ordering information

JOTFORM: DOCUMENTATION INTEGRITY

- ✓ Jotform is a software program that allows for **standardizing checklists, workflows, approvals, notifications and tracking** of project-related documentation
- ✓ Forms only allow correct info to be entered which **keeps data integrity high** by having a check and balance before info is changed in our system
- ✓ Example use cases:
  - *Sales paperwork*
  - *Home inspections*
  - *Home listing requests*
  - *Move-in/move-out*
  - *Resident info changes*

Portfolio Cash Flow	**$3,229,186**	**$2,423,443**	**-$805,743**	**-25%**

2025 Actual vs. Budget Commentary

Summary: We missed NOI by ~$700k due b/c of missed occupancy (which was flat y-o-y) offset by better expenses. The rental income miss was isolated to a handful of properties with heavy RV concentration and our in-fill initiative taking longer than expected to get rolling (which it is now, in a big way).

- ✗ **Rental Income:** We experienced lighter RV occupancy throughout 2025 vs. budget which equated to roughly ~60% of the $920k Rental Income miss, concentrated at River Oaks, Vantage Oaks, Lucky Clover, and Paradise Lakes. The remaining 40% of the miss can be attributed to our in-fill initiative taking longer to get off the ground.
- ✗ **Fee & Misc Income:** GKFC missed income by $275k. The restaurant's GM departed at the start of Q3. Performance in 1H was negatively impacted as she was checked out during her final months. She has been replaced and the new manager has transitioned into the role effectively.
- ✓ **Payroll Expense:** Payroll was over-budgeted >5% b/c of lot rent credits to managers which now run through payroll, along with the impact of lower revs.
- ✗ **Insurance Expense:** The increase in insurance expense was driven by us electing higher coverage (agency req) levels – particularly commercial property.
- ✗ **Utility Expense:** The utility expense miss was driven by a change in payment terms when we switched billing vendors (net 60 to net 30). In several cases we paid 13 months of utilities in fiscal year 2025.
- ✓ **Community R&M Expense:** Community R&M expenses were $439k lower than expected. We experienced lower R&M than expected due to better preventative maintenance programs and conservative POH expense budgeting of $200 per POH/month (actual was $84 per POH/month).
- ✗ **Interest Expense:** We originally projected interest expense in September 2024 and the SOFR curve did not come down as anticipated in 2025.

JREF I PORTFOLIO: 2026 BUDGET VS. 2025 ACTUAL

	2026 Budget vs. 2025 Actual			
	25' Actual	26' Budget	$ Vs.	% Vs.

2026 Budget vs. 2025 Actual Commentary

Summary: We are budgeting revenue to be +15% in 2026, driven 60% by our occupancy initiative and 40% by rent growth. Our budgets have extremely detailed in-fill assumptions that were precisely crafted unit-by-unit via a cross-functional budgeting exercise. We expect expense growth to be measured in 2026 resulting in a +24% increase in NOI. The capex increase is due to large infrastructure projects and the costs we expect to incur (conservatively) to occupy vacant lots/homes.

- ✓ **Rental Income:** Rental Income growth is 60% driven by a projected 6% average occupancy increase ***(+12% to 94% in December 2026)*** through ready-to-sell homes, rehabs and vacant lot in-fill throughout the year. The remaining 40% of the increase can be attributed to rent growth across the portfolio.
- ✓ **Reimbursement Income:** Reimbursement Income growth is a factor of occupancy growth, being driven by higher utility reimbursements and improved recovery of property tax bill-backs, which increase with occupancy because residents are billed pro rata total lot basis (regardless if lot is vacant / occupied).
- ✓ **Fee & Misc Income:** Fee & Misc Income growth is due primarily to increased GKFC revenue from improved menu pricing and other initiatives from new GM.
- ✗ **Property Management & Payroll Expenses:** These expenses are expected to be higher due to higher revenues.
- ✗ **Utility Expense:** Utility Expense growth can be entirely attributed to higher occupancy, which is recovered in Reimbursement Income.
- ✗ **Community R&M Expense:** Higher due to $200 per POH/month assumption.
- ✗ **CapEx:** Higher Capex in 2026 can be attributed to projects not completed in 2025, large value-add infrastructure projects underway (primarily utility upgrades) and in-fill and occupancy capex (rehabs, in-fill).

JREF I PORTFOLIO: 2025 ACTUAL & 5YR PROJECTED YOC

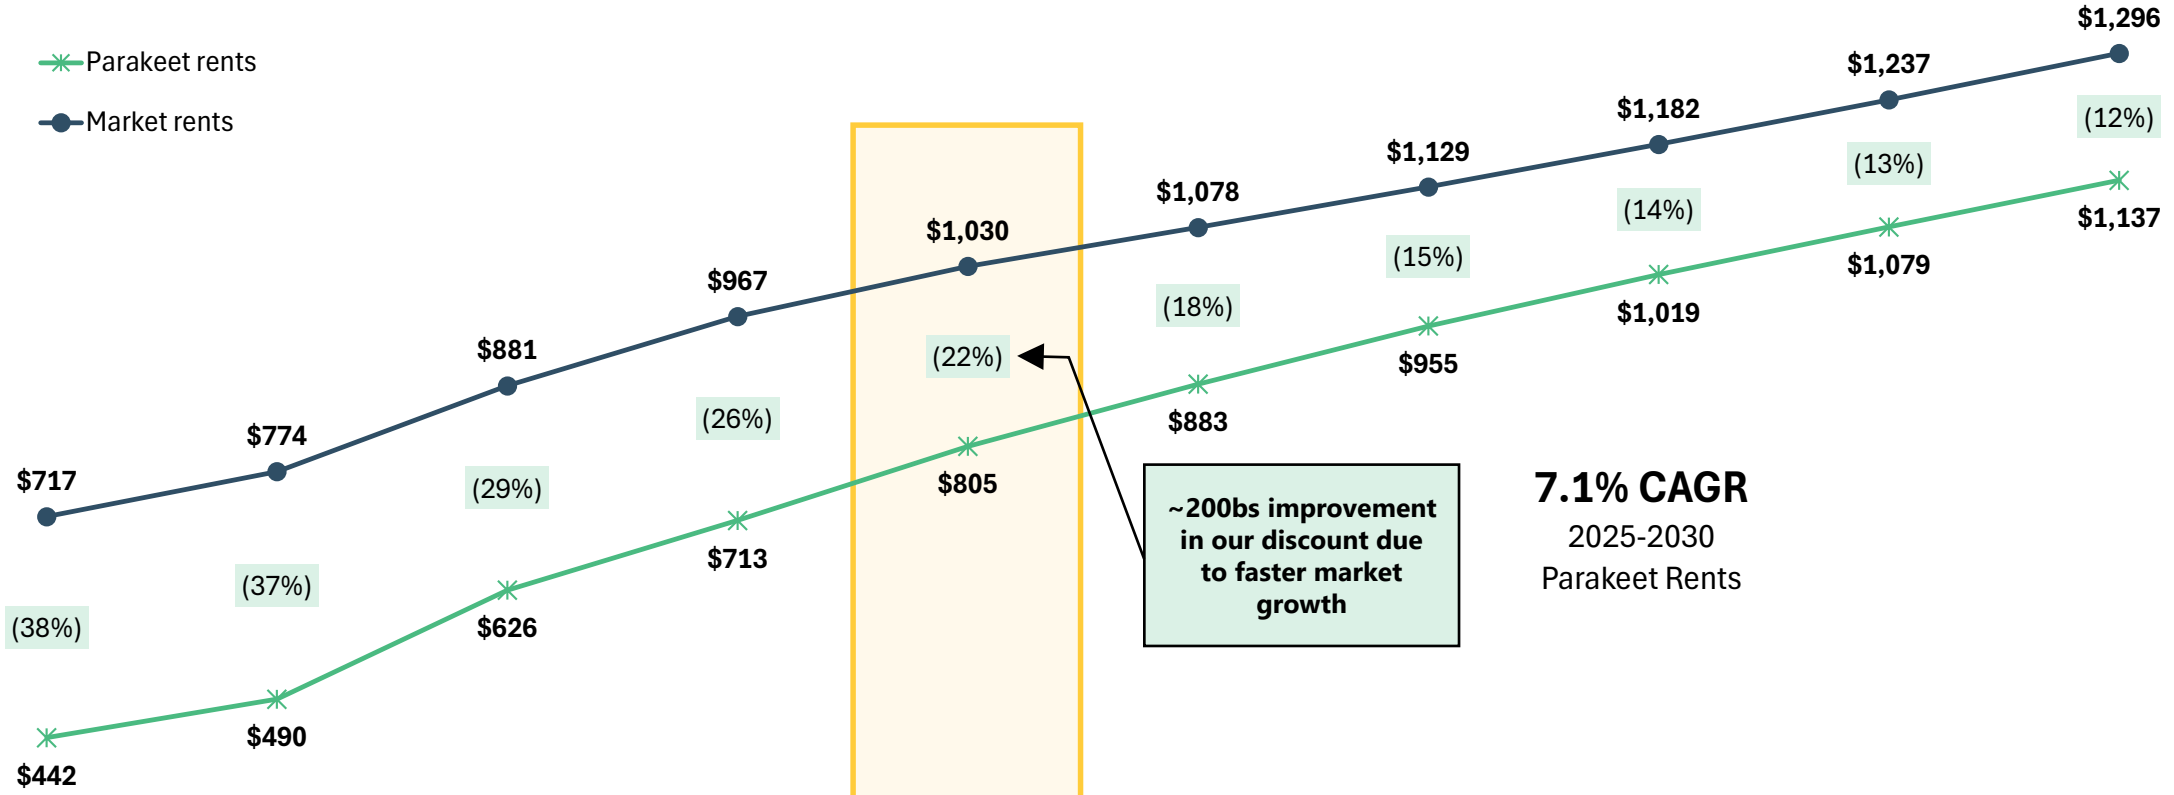

~HALF 2026 YOC INCREASE ATTRIBUTABLE TO RENT INCREASES & HALF DRIVEN BY OCCUPANCY INCREASE

Community	Price	Acquisition Date	Total Units	Yield on Cost

JREFI OCCUPANCY INITIATIVE: 2026 GOALS ON TRACK

+266 JREFI NET NEW OCCUPANT GOAL FOR 2026
~70% OF GOAL IS INFILL & SELL

FOR SALE

- ✓ **24 homes for sale/rent**, all of which are currently listed and being marketed for sale
  - ***9 new homes***
  - ***13 used homes***

REHAB & SELL

- ✓ **53 homes being rehabbed** prior to selling or renting
- ✓ **All 53 rehabs are underway** and scheduled to be completed by mid-Q2, and they will each be marketed for sale on completion
- ✓ **Implemented programmatic rehab strategy** to turn any vacated homes for sale/lease in <60 days, with crews organized by geography and ready to work on homes as soon as they come into our possession

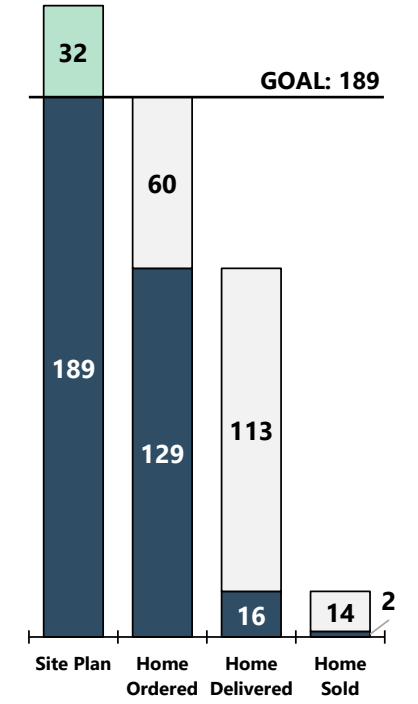

IN-FILL & SELL

- ✓ **189 pads being in-filled** with new homes and then marketed for sale in 2026
  - ***85 MH in-fill***
  - ***104 Park Model RV in-fill***
- ✓ **Majority of homes being ordered from Cavco**, with some early orders from Champion, Skyline and Clayton
- ✓ Site surveys give us the maximum buildable envelope so we can **put the largest home possible on each lot.** We went ahead and got the majority of site plans we will need on lots.
- ✓ **Robust home selection and order process in place with Cavco**; they have visited all our communities and have all our vacant lots and site surveys

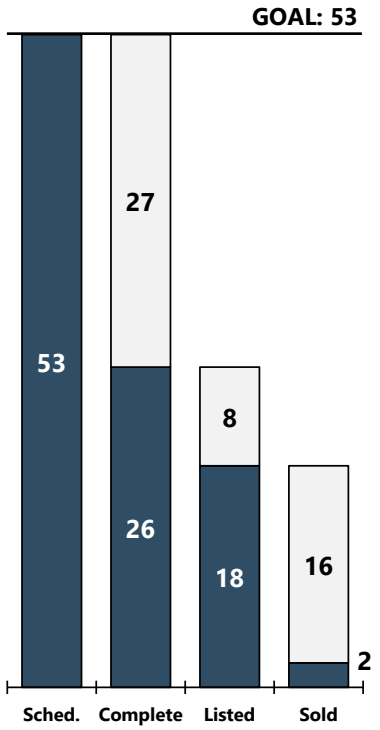

FOUNDATION FOR EXECUTION IN PLACE & SIGNIFICANT MOMENTUM TOWARDS HITTING '26 GOAL

- ✓ **FOR SALE:** Homes listed for an avg. price of $49k and 9 sales have been completed
- ✓ **REHAB:** Rehabs all started with ~50% completed; ~$15k target cost and sale price
- ✓ **IN-FILL & SELL:** Our in-fill is well underway with 129 homes already ordered

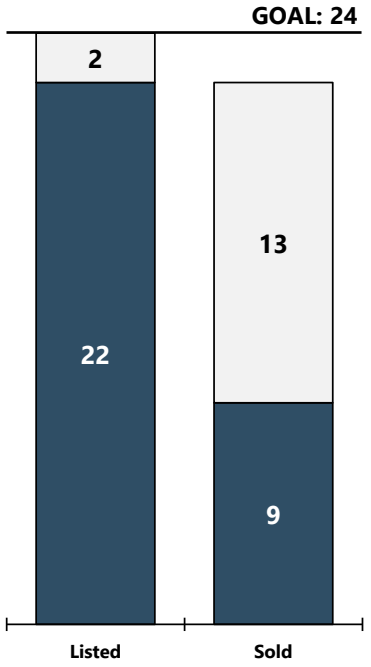

IN-FILL & SELL

REHAB & SELL

JREFI OCCUPANCY INITIATIVE: PROGRESS PICTURES

SITE PLANS ARE THE FIRST AND MOST IMPORTANT STEP OF INFILL – 384 FOR JREFI & JREFII COMPLETED

SITE PLAN IMPORTANCE

- ✓ We partnered with **Champion Construction** to site plans on all of our vacant lots
- ✓ These site plans clearly show the **size of the vacant lot** along with **obstructions** (trees, stumps, etc), utility connections and as a result provide the **size of home that we can order** taking into consideration setbacks
- ✓ Upon receiving the site plans, we have a process in place whereby Leslie works with manufacturer to choose floorplan and finishes, door location, etc.
- ✓ **Home is selected, permits filed, home ordered and delivery estimate received.**

JREFI OCCUPANCY INITIATIVE: PROGRESS PICTURES

11 HOMES DELIVERED SUCCESSFULLY TO VANTAGE OAKS BETWEEN FEBRUARY 27TH & MARCH 2ND

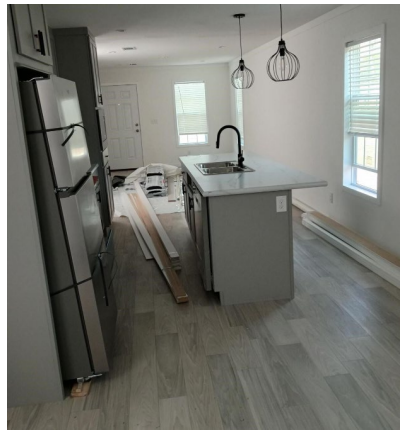

WE FILLED ALL 11 VACANT VANTAGE "OUTSIDE" LOTS WITH NEW SKYLINE SINGLE & DOUBLEWIDES

JREFI OCCUPANCY INITIATIVE: CAMPSPOT ROLL-OUT

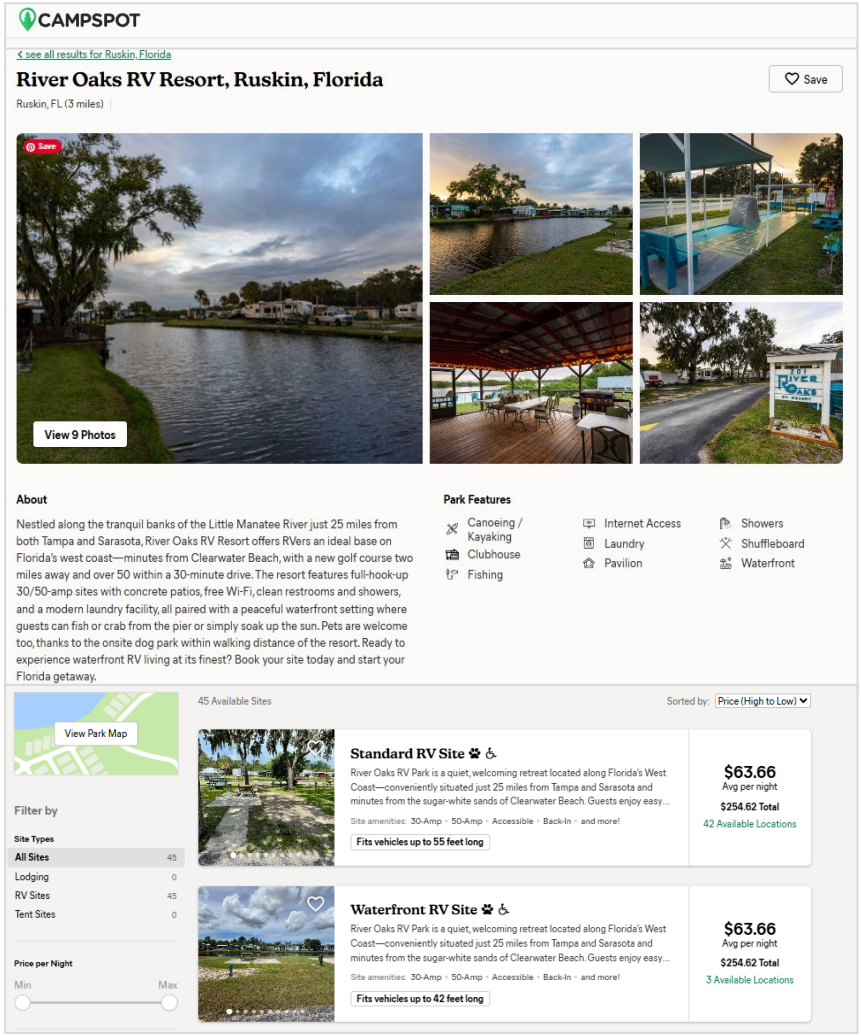

WE ARE USING CAMPSPOT TO GENERATE INCREMENTAL REVENUE FROM RV SITES BEFORE PM IN-FILL

RATIONALE, OPPORTUNITY & EARLY RESULTS

- ✓ **Centralized online booking platform** to market short-term RV stays and generate leads
- ✓ Will generate **incremental RV income**
- ✓ **Managers trained** and onboarded to platform
- ✓ Developed a **standardized SOP manual** for mgrs.
- ✓ Generated **~$7k incremental income** in first month across 19 bookings **+ 1 LT resident at RO**

ONBOARDING SCHEDULE

- ✓ **River Oaks (Feb '26)**
- ✓ **Whispering Pines (Feb '26)**
- ❑ Paradise Lakes (Apr '26)
- ❑ Silver Breeze (Apr '26)
- ❑ Great Oak (Apr '26)
- ❑ Northgate RV (Apr '26)

LONG-TERM / PARK MODEL RV CONVERSION NETWORK

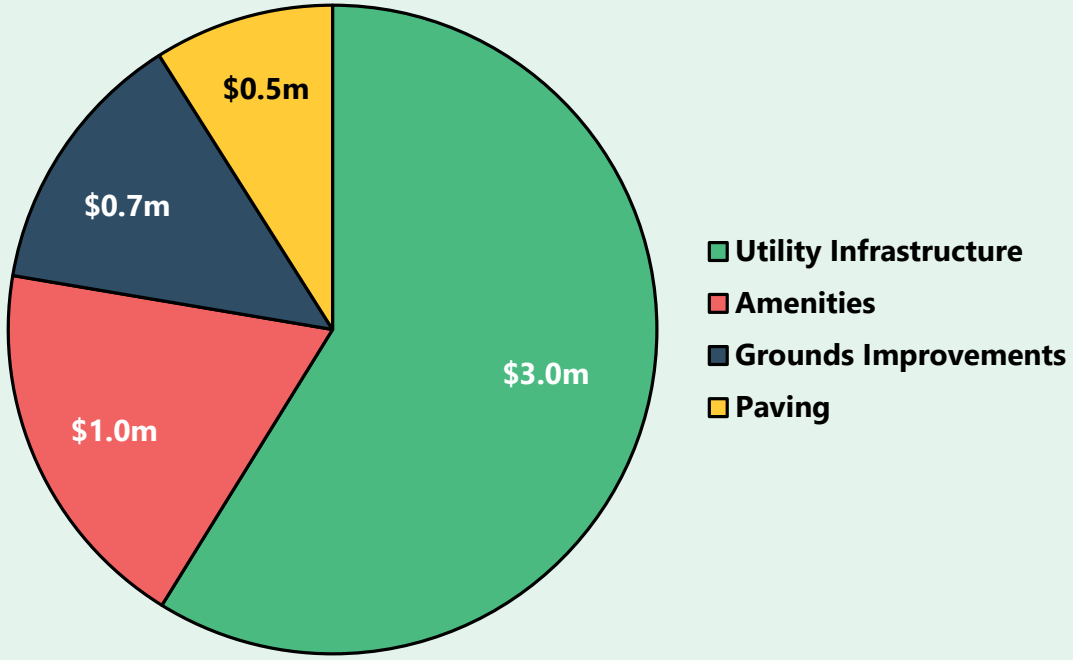

- ✓ **Campspot has a long-term resident referral platform** that targets snowbirds, remote workers and FT residents at no cost to properties that use their ST booking marketplace
- ✓ **We receive access to this referral channel at no cost** – potential residents submit direct inquiries to the community, enabling complete control of the prospect by our managers
- ✓ **Creates additional prospects** for both LT RV stays and Park Model conversions (our end goal for the majority of sites)
- ✓ As we in-fill RV sites with Park Models, **we can strategically convert short-term guests to long-term residents** (and PM owners) while gaining exposure to Campspot users

JREFI CAPEX: OVERVIEW & SUMMARY

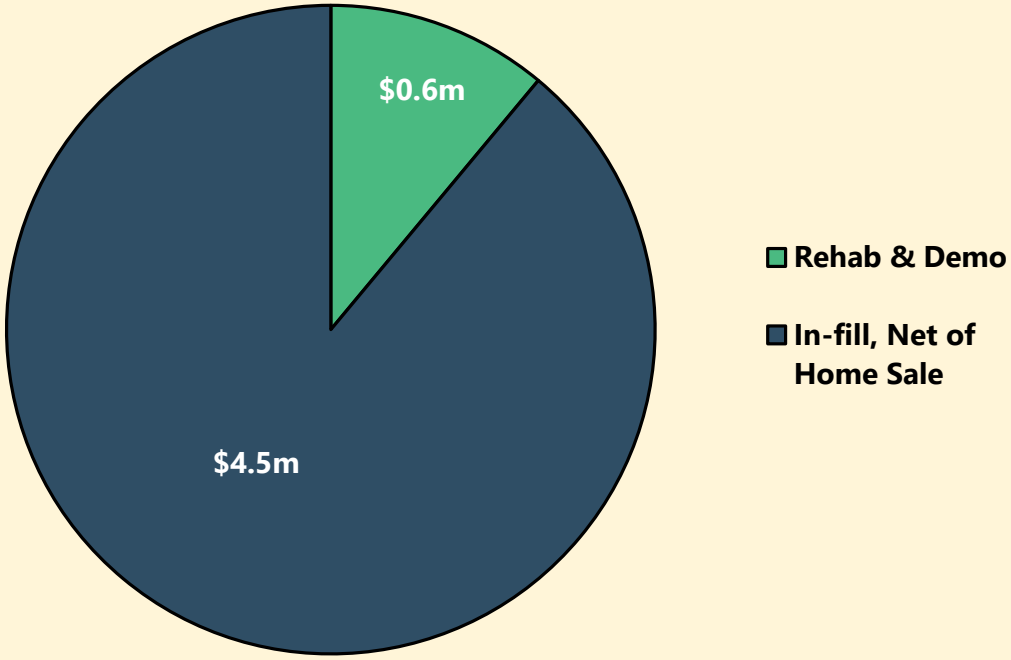

JREFI CAPEX OVERVIEW

- ✓ **$5.1m* budget for 103 Community Improvement Capex in 2026** with 77% of projects in planning or completed
- ✓ **$5.1m budget for In-fill & Occupancy Capex in 2026** for rehabs, demos, and in-fill costs net of home sale (~30% loss)
- ✓ ***Capex focused on projects that Eastdil has guided us are critical for both Agency debt and Core+ buyers***

$5.1M* COMMUNITY IMPROVEMENT CAPEX

$5.1M IN-FILL & OCCUPANCY CAPEX

** The $5.1 million is gross project cost before factoring in expected grant funding of ~$800k reimbursed in 2026.*

JREFI CAPEX: SHADY OAKS SEWER TIE-IN & PAVING

PROJECT SUMMARY

- ✓ **Retired 18 septic tanks to tie-in all 37 homes into the city sewer line**
- ✓ **Project was completed in Feb 2026 vs the budgeted timeframe of August 2025**
- ✓ **Total project cost was in-line with the $400k we initially budgeted (inclusive of system maintenance during tie-in)**

BEFORE

DURING

AFTER

JREFI CAPEX: LUCKY CLOVER SEWER TIE-IN & PAVING

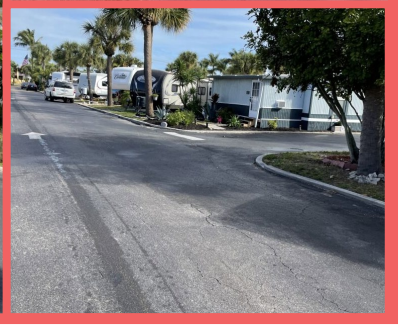

PROJECT SUMMARY

- ✓ **Retired all 58 septic tanks to convert the entire community to city sewer & re-paving entire community**
- ✓ **Expected completion was Dec 2025 vs the current target date of March 2026**
- ✓ **$1.4M (86%) of the total $1.6M project cost is covered by a grant we successfully obtained through SOIRL**

JREFI CAPEX: OTHER IN-PROGRESS PROJECTS

ENHANCING CURB APPEAL W/TARGETED AMENITY UPGRADES AND HIGH-IMPACT, LOW-COST IMPROVEMENTS

Project & Community	Budget Cost	Est. Completion	Project Commentary
Amenity Enhancements *12 Properties* *(APPLE, CARL, LS, LUCK, PPH, PL, RO, RIV, SS, SILVER, SOUTH, WPMH)*	**$400,000**	**December 2026**	We are actively upgrading amenities across multiple communities in the portfolio. Improvements underway include clubhouse renovations, new and improved playgrounds, bathhouse upgrades, covered picnic and pavilion areas with BBQ stations, shading for shuffleboard courts and outdoor fitness areas, new clubhouse furnishings, paddle boats, and the addition of on-site ice machines.
Mailbox Upgrades *7 Properties* *(APPLE, CENT, HARB, JBJ, PL, LS, SO)*	**$100,000**	**August 2026**	We are upgrading mailbox structures across several communities, primarily by rebuilding or extending deteriorated enclosures to replace rotted wood or dilapidated mailboxes and provide residents with adequate protection from the elements while accessing their mail.
Lighting Improvements *7 Properties* *(CENT, CONG, HARB, LUCK, SO, SILVER, VO)*	**$110,000**	**August 2026**	Various projects throughout the portfolio on lighting improvements ranging from enhancing existing lighting to adding entirely new lighting infrastructure.
Paving / Road Repairs *4 Properties* *(CONG, SOUTH, SILVER, WPMH)*	**$215,000**	**September 2026**	We are completing road improvements across multiple communities, with projects ranging from $25,000 to $100,000. Scopes of work include installing speed bumps, repairing potholes, and fully resurfacing or re-paving entire roadways where needed.

JREFI CAPEX: FUTURE PRIORITY PROJECTS

FUTURE PROJECTS FOCUS ON HIGH-ROI AND REVENUE-GENERATING UPGRADES SUCH AS OCCUPANCY-DRIVEN INFRASTRUCTURE INVESTMENTS AND COMMUNITY ENHANCEMENTS TO SUPPORT RENT GROWTH & OCCUPANCY

Community & Project	Budget Cost	Est. Completion	Project Commentary
Sea Shells *New Pool*	**$150,000**	**July 2027**	Installation of a pool at the front entrance of the community to enhance community, create a welcoming first impression for prospective residents, and add a high-value recreational feature for current tenants. This improvement is intended to strengthen overall community appeal, support leasing velocity, and contribute to long-term resident satisfaction and retention (as well as rents).
Tradewinds *Infrastructure, Amenities & Curb Appeal*	**$250,000**	**December 2027**	We are repositioning the property through a $217,000 capital improvement plan that includes the addition of parking (to enable park model in-fill), fencing, tree trimming, and the addition of a covered picnic area to enhance curb appeal and resident experience. We also plan to complete a utility tie-in to the city – pursuing grant funding similar to what was secured at Lucky Clover – which will significantly improve infrastructure reliability and long-term property value.
Silver Breeze *Water System Upgrade, Sewer Tie-in, Paving*	**$650,000**	**December 2026**	Silver Breeze is in a great location, but needs repositioned. Engineering complete on water system upgrade and public sewer connection. We are out to vendors for bids for the project. The same Brevard County program that gave us the grant for Lucky Clover is prepared to provide grant funding for this project.
Paradise Lakes *Electrical Upgrades, WWTP Upgrades & Amenities (Pool)*	**$300,000** *(Phase I Electrical)* **$2,600,000** *(Full Scope)*	**September 2026** *(Phase I Electrical)* **December 2027** *(Full Scope)*	Engineering is nearly complete for the Electrical Upgrades, which is the first and most important step for driving occupancy and in-fill. Once engineering is completed we will be able to get final quotes from vendors, understand what part of the project Duke Energy will take on and the overall scope and timing to complete. We have a significant amount of demand at PL that we can't meet due to our infrastructure and we expect the ROI to be ~25% from occupancy and rate.
Triple S *Boat Lifts (Tranche 2)*	**$252,000**	**July 2026**	Following the strong performance of the initial boat lift installations, we are proceeding with an additional 19 lifts. At an average cost of approximately $14,000 per slip, rents increase from $215 to $625 per month, generating an estimated 35% return on investment.

JREFI PORTFOLIO: STABILIZED NOI & YOC BRIDGE

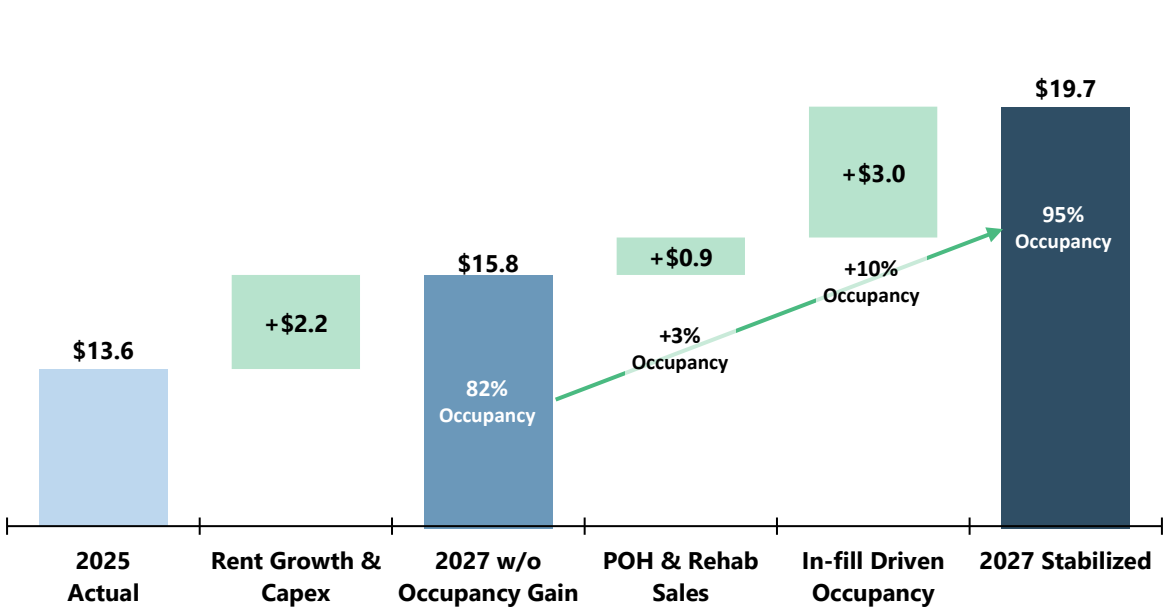

PROOF OF CONCEPT FOR IN-FILL AND CAPEX EXECUTION + STABILIZED PORTFOLIO INTO RECAP BY YE 2026

- ✓ **DRIVE OCCUPANCY:** Sell/occupy 60+ POH & in-fill 200 vacant lots by YE 2026 / >20 planned in-fill in 2027
- ✓ **CONTINUED MARK-TO-MARKET:** Average rents +8% in 2026 (already in-place) and +6% in 2027
- ✓ **CAPEX EXECUTION:** ~$5m across 100+ community improvements in 2026 on top of in-fill and rehabs
- ✓ **RESIDENT-FOCUSED:** Institutionalizing the on-site teams will drive better customer service & satisfaction
- ✓ **CAPITAL NEEDS:** Strong cash position to execute, with additional inflows from earn-outs & Congress sale
- ✓ **END GOAL IS STRONG RECAP/EXIT VALUATION:** $327M to $358M portfolio valuation at 5.5%-6.0% cap

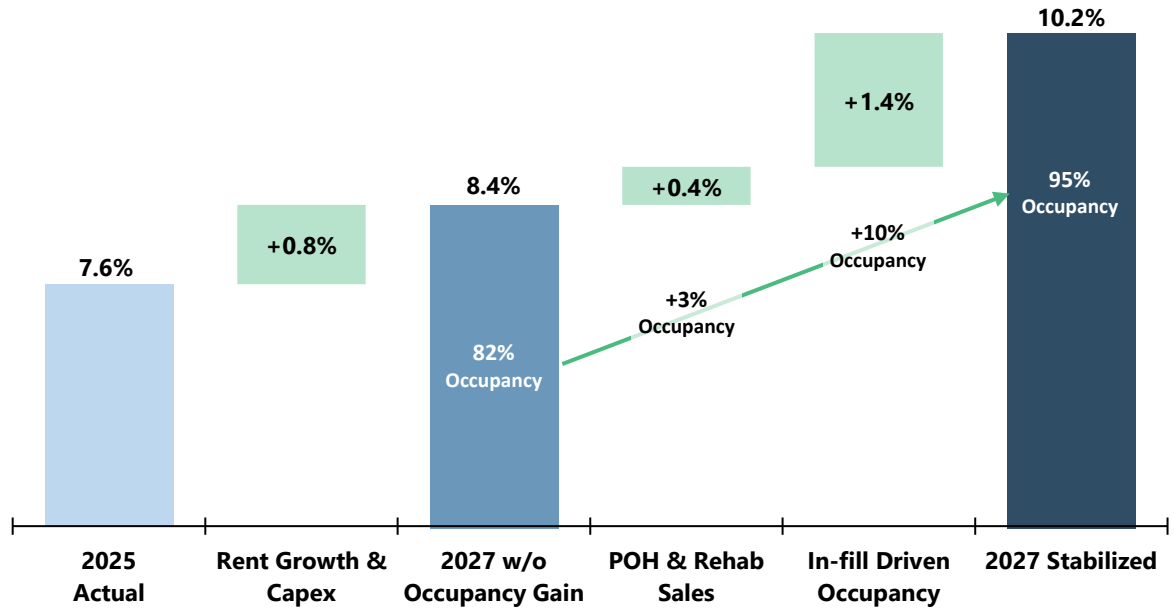

IN-FILL & OCCUPANCY ASSUMPTIONS

- ✓ **Existing Homes:** $6k demo cost, $17k rehab cost & $33k sale price (includes some new & nice homes)
- ✓ **In-fill cost per lot/home:** $80k
- ✓ **Sale price per home:** $57k (30% < cost)
- ✓ **Time from in-fill to sale:** 3 months
- ✓ **Incremental NOI margin:** ~88%

JREFI Stabilized NOI Bridge ($m)

JREFI Stabilized Yield on Cost Bridge

JREFI DISPOSITION PLANS: GEIGER KEY RESORT

- ✓ Geiger Key Resort was acquired in **August 2022** for **$14.8MM** with adjacent expansion land acquired in **December 2023** for **$1.65MM**; a one-of-a-kind hybrid RV resort with on-site marina and waterfront restaurant minutes from Key West.
- ✓ **Strategic Rationale for Disposition**
  - Highest storm-exposure asset in JREFI; sale reduces portfolio risk concentration.
  - Re-invest into in-fill and growth initiatives and simplifies portfolio (restaurant)
  - New GM driving significant improvements – menu prices, payroll efficiency, & event programming
- ✓ **Expansion Parcel Entitlement / Re-zoning Update**
  - Zoning change application revisions completed and re-submitted for approval.
  - FDOT right-of-way package in negotiations, seeking lobbyist's assistance to get final approval or permanent easement with drainage impacts mitigated.
  - Approval of rezoning anticipated by **December 2026**.
- ✓ **Two-Pronged Approach to Selling the Asset to Attract 2 Distinct Buyer Pools**

Asset Use	RV Park & Restaurant	High-End Bungalows Resort Development
Engaged Sales Broker	Dustin Wilmer, *Marcus & Millichap*	Andrew Dickey, *JLL*
Relevant Experience	Large Trophy MH & RV Assets (Malibu)	FL Keys Hotel Assets & Developments
Buyer Pool & Size	RV Park Operators (Small)	Hotel & Lodging Operators (Large)
Re-zoning Importance	Medium	High

JREFI DISPOSITION PLANS: GEIGER KEY RESORT

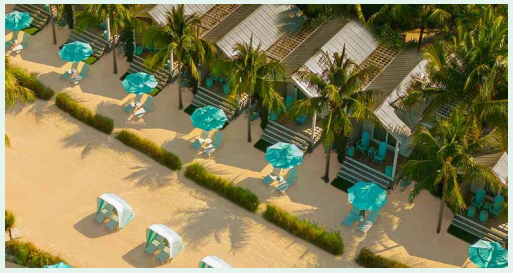

✓ **Exploring Highest & Best Use as an Outdoor Hospitality Asset to Maximize Exit Buyer Pool & Pricing**

- Geiger (incl. expansion parcel) could be attractive to buyers as a high-end cottage/bungalow resort development
- "Transient" development rights ("ROGOs") in Key West are scarce and have traded for $200k-400k historically because, in order to develop hotel rooms, you need 1 ROGO for each room that is being developed and there is a fixed supply. RV parks and hotels share the same type of ROGOs, of which we have 36 attached to the Geiger site.
- There is a direct comp for a resort conversion like this – Bungalows Key Largo (fka Point of View Key Largo RV Resort), which opened in 2019 with 135 Cavco park model hospitality units that are 399 sq ft with 400-500ft of outdoor space. Rooms rent for $1,000 to $1,200 a night and the resort is highly amenitized with 2 pools, a gym/spa and a restaurant.

BUNGALOWS KEY LARGO: BLUEPRINT FOR GEIGER RESORT CONVERSION

JREFI DISPOSITION PLANS: CONGRESS MHC

- ✓ Congress MHC was acquired in September 2021 for $2,150,000; a small 31-site MH community in West Palm Beach, FL that has been 100% occupied since acquisition, with all tenant-owned homes and city water and sewer

- ✓ **Strategic Rationale for Disposition**
  - Smallest asset in JREFI by # of sites
  - Net proceeds to re-invest into in-fill and growth initiatives
  - Extremely attractive offer close to YE 2025 Valuation & Appraised As-Is value

- ✓ **Overview of LOI Signed from Philips International**
  - $5,000,000 purchase price with a $200,000 deposit ($10,000 non-refundable)
  - 45-day due diligence period followed by closing 60 days after DD expiration
  - Non-binding LOI, with definitive agreement to be drafted within 5 days of execution
  - $5m represents >$161k per pad and 5.5% and 6.2% cap rates on trailing and forward NOI, respectively

- ✓ **Comparison of Offer vs. Jadian Valuation**
  - **Jadian Valuation:** $5M offer compares to $5.2M in our valuation model on an immediate sale basis without future cash flows. Net proceeds after debt paydown and closing costs should be ~$2.7M

- ✓ **Estimated Gross Return on Sale to JREFI**
  - **Asset Level Return:** 37.2% IRR & 6.5x MOIC
  - **Reinvestment of Proceeds:** Sale proceeds provide additional cash to reinvest into in-fill and improvements

JREFI DISPOSITION PLANS: EASTDIL PORTFOLIO BOV

WE ARE HAVING THE MH/RV TEAM AT EASTDIL DO A FULL PORTFOLIO BOV OF JREFI WITH OUR RECAP IN MIND, TO EVALUATE PORTFOLIO VALUE, COMPOSITION & CHARACTERISTICS AND TO GUIDE US ON VALUE MAXIMIZATION

- ✓ Eastdil's MH/RV team is by far the best to evaluate our portfolio given their experience selling MH portfolios for the largest institutional investors such as Brookfield, RHP, Sun (75% 10-yr market share across all closed portfolios >$200m in value)
- ✓ While we don't have a full analysis back from them on the portfolio just yet, they have provided us with some key guidance based on their experience as we work towards positioning the portfolio for the best valuation by YE 2026

EASTDIL INITIAL COMMENTARY ON JREFI PORTFOLIO HOT TOPICS	
Portfolio Size & Dispositions	*No obvious outliers that turn buyers off (not even Geiger, education is key). Portfolios >$200m in deal size is a good threshold to be above.*
Community Size & Quality	*Handful of small assets but they are clustered and shouldn't be a turn off for anyone looking at the portfolio.*
Locations	*Clustering of portfolio is strong and mitigates the few smaller site count assets. The portfolio is in good growth markets.*
Flood Zone Exposure	*More of an issue for groups that don't want to do FL in general. Minimized risk here through FECs (JBJ) or market-specific (Miami).*
In-filling MH Sites / Vacancy	*Proof of concept in being able to lease-up/in-fill is extremely important for having groups underwrite cash flows from future in-fill.*
POH Concentration	*Not an issue for this portfolio. Typically become more of a focal point at 25%+ POH (agency issue). Yes! deal has >25% and getting done.*
RVs / Park Models	*In-place park models are largely underwritten as MH. RV-to-PM conversion proof of concept important. Ideally <20% threshold of PMs/RVs.*
Utility Mix	*History of sewer tie-ins is a huge positive and otherwise private utilities are OK if well-maintained with 3rd party engineering reports.*
Turnaround Properties	*Having a few assets with business plans to be executed on is not a bad thing. Proof of execution and momentum towards it important.*
Capex Projects	*Numbers and a budget are what matter. No one wants to step into an unknown problem but planned out projects to execute are OK.*

JREFI DISPOSITION PLANS: SELECT ASSET APPRAISALS

WE HAD PARTNER APPRAISE 8 OF THE JREFI ASSETS WITH ONE OR MORE OF THE FOLLOWING CHARACTERISTICS:
SMALL ASSET, HIGH RV EXPOSURE, LARGE $ CAPEX PROJECT, EXECUTION RISK, OR GENERAL PORTFOLIO OUTLIER (GEIGER)

KEY OVERALL TAKEAWAYS

- ✓ Converting rolling-stock RV to Park Models creates value by making RV sites act and feel like MH.
- ✓ Completing the business and capex plans at the assets, even the ones in need of larger projects, is value-accretive.
- ✓ Assets will get a portfolio premium if bundled together for a larger recap or sale process and will aid in achieving the highest valuation.

Community	Reason for Appraisal	Current Cost	Current Valuation	As-Is Appraisal	Stabilized Cost	Exit Valuation (YE 2026)	As-Stabilized Appraisal	Unlevered Stab. IRR (2027 Exit)*	Stabilized Commentary
Applegate	Example of a vanilla stabilized-ish asset	$5.9	$9.8	$10.0	$6.4	$11.9	$11.5	**11.4%**	Stabilization includes new playground for all-age positioning and lease-up of 12 vacant units.
Congress	Smallest asset in JREFI	$2.4	$5.4	$5.3	$2.4	$5.9	$6.3	**15.9%**	100% occupied; business plan purely mark-to-market with ~15% remaining rent upside.
Geiger Key Resort	Flood risk and outlier asset with restaurant	$17.4	$25.2	$25.3	$17.8	$25.7	$25.8	**7.1%**	Stabilized asset with potential upside through waterfront lot expansion and redevelopment into luxury waterside resort.
Lake Saunders	Smaller asset	$2.2	$4.6	$4.7	$2.3	$5.3	$5.4	**12.6%**	Stabilization achievable by leasing five vacant lots and increasing lot rents to market (+20%).
Paradise Lakes	RV exposure and large capex project	$10.9	$16.8	$14.4	$14.5	$21.3	$20.6	**15.6%**	Major electrical upgrades, adding a pool, clubhouse renovation, and converting seasonal RV sites to park models.
River Oaks	RV exposure and lagging performance	$5.8	$7.1	$8.8	$6.2	$10.1	$12.4	**23.7%**	Clubhouse renovation, site prep, roads, meters, Wi-Fi, and Campspot marketing drive RV occupancy alongside park model conversions.
Silver Breeze	Underperforming asset	$5.9	$3.7	$4.3	$6.9	$5.8	$6.9	**23.2%**	$685K infrastructure repositioning plus infill and rent growth expected to achieve stabilization.
Vantage Oaks	RV exposure and outlier location	$5.8	$16.7	$18.1	$7.4	$21.5	$22.6	**14.0%**	Tree removal, electrical pedestals, drainage, signage and infill with homes and park models.

** Property financials are annualized based on T+1 of acquisition date through year-end.*
*** Capex is not annualized. Underwriting Interest Expense is annualized based on T+1 of acquisition date through year-end. Actual Interest Expense is annualized based on Q4 2025 when all properties had debt financing in place.*

2025 Actual vs. Underwriting Commentary

Summary: Total Income miss of ~$100k driven by a slight tick-down in occupancy. NOI was ~$930k above our underwriting due to favorable tax reassessments and much lower R&M expenses across the portfolio.

- ✘ **Total Income:** Slight miss due to some move-outs occurring shortly before and after acquisition, resulting in a ~$100K (~1%) shortfall vs. our underwriting.
- ✘ **PM Expense:** PM expense was higher due to early underwritings incorrectly reflecting a lower 3% fee vs. negotiated PM fee of 4%.
- ✓ **Payroll Expense:** Payroll expense was lower due to early underwritings reflecting full payroll vs. 5% payroll allocation.
- ✓ **Property Tax Expense:** $100K beat vs. underwriting due to conservative assumptions regarding reassessment timing and better than expected year 1 reassessments across the portfolio.
- ✓ **Community R&M Expense:** R&M was materially better in ~equal amounts due to both community-level R&M expenses and lower than underwritten POH expenses ($125 per POH/month vs. $200 underwritten).

JREF II PORTFOLIO: 2026 BUDGET VS. 2025 ACTUAL

2026 Budget vs. 2025 Actual Commentary

Summary: Due to limited historical financials for properties acquired later in 2025, much of the 2026 budget continues our original underwriting assumptions, except for rental income, taxes, and insurance. With a focus on driving occupancy at JREFI, most JREFII in-fill activity is planned for 2H 2026.

- ✓ **Rental Income:** Growth is primarily driven by a planned occupancy increase of 137 units through ready-to-sell homes, rehabs, and in-fill initiatives in 2H 2026. Rent increases are also driving growth.
- ✗ **PM & Payroll Expenses:** These expenses are expected to increase as a result of higher revenues.
- ✗ **Property Tax Expenses:** We have budgeted for property tax reassessments across the portfolio at assets we purchased in 2025. We are hopeful this will be a source of beat in 2026 due to our tax strategies.
- ✗ **Community R&M Expenses:** as a blanket assumption we have budgeted for $200 per POH/month. In 2025 we spent significantly less than this assumption ($125). After a full year of operating communities with high POH concentrations we will revisit and if needed revise this assumption. Our R&M budget excluding POH expense is in-line with 2025 + growth.

★ **If our tax reassessment strategy is successful and our lower R&M expenses continue in 2026, our JREFII NOI would be $15.1m (+$1.2m) and Yield on Total Cost would be 7.2% (+60bps) vs. Budget**

Total w/Tax & R&M Growing 3-4% off of 2025*				***6.3%***	***7.2%***	***8.1%***	***9.0%***	***9.7%***	***10.0%***

** 2025 was annualized for properties where we do not yet have full-year results. These properties are highlighted in yellow.*
*** For illustrative purposes given the sizable beat on taxes and R&M (which we conservatively did not budget to repeat in 2026), showing potential yield on cost if those expenses are inflated at 3-4% annually from 2025.*

JREF II PORTFOLIO: 5YR MARKET RENTS ANALYSIS

JREFII Portfolio Rents Remain at 15% Discount vs. Market in Year 5

Parakeet JREFII Portfolio: Historical & Projected Discount to Market Rents

2025	2026	2027	2028	2029	2030
	Parakeet: +15.7%	Parakeet: +10.6%	Parakeet: +8.5%	Parakeet: +7.1%	Parakeet: +6.1%
	Market: +5.8%	Market: +5.8%	Market: +5.8%	Market: +5.8%	Market: +5.8%

JREFII OCCUPANCY INITIATIVE: OPPORTUNITY

+140 JREFII NET NEW OCCUPANT GOAL FOR 2026
~70% OF GOAL IS SELLING REHAB & READY HOMES

FOR SALE

- ✓ **28 homes for sale/rent**, all of which are currently listed and being marketed for sale
  - ***100% used homes***

REHAB & SELL

- ✓ **70 homes being rehabbed** prior to selling or renting
- ✓ **>60% of the rehabs are underway or completed** with remaining 40% being scheduled
- ✓ **Implemented programmatic rehab strategy** to turn any vacated homes for sale/lease in <60 days, with crews organized by geography and ready to work on homes as soon as they come into our possession
- ✓ B/c POH count is high at JREFII, an efficient rehab program key

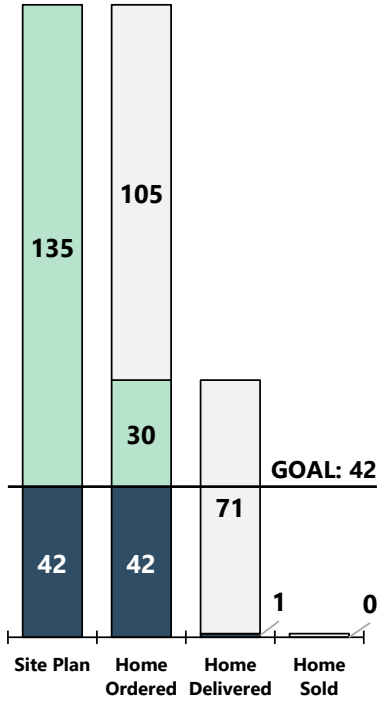

IN-FILL & SELL

- ✓ **42 pads being in-filled** with new homes and then marketed for sale in 2026
  - ***All MH in-fill***
- ✓ **Majority of homes for JREFII will be ordered from Cavco**
- ✓ **We have already ordered all site surveys across the JREFII portfolio.** Site surveys give us the maximum buildable envelope so we can **put the largest home possible on each lot**
- ✓ **We are well ahead of our 2026 in-fill goals at JREFII with 30 homes ordered above our 2026 in-fill goal.** The majority of this in-fill was budgeted for 2H but with the help of processes we now have in place, we went ahead and started moving faster.

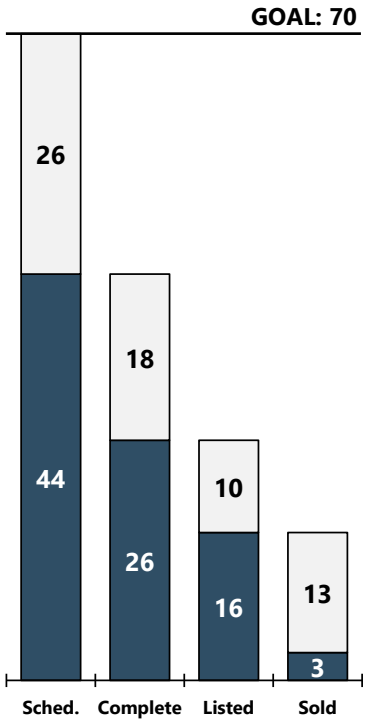

FOUNDATION FOR EXECUTION IN PLACE & SIGNIFICANT MOMENTUM TOWARDS HITTING '26 GOAL

- ✓ **FOR SALE:** Homes listed for an avg. price of $49k and 16 sales completed
- ✓ **REHAB:** Rehabbing homes for $5k to $15k and sales targeted near our basis
- ✓ **IN-FILL & SELL:** Our in-fill initiative is well ahead of plan with 72 orders vs. 42 goal

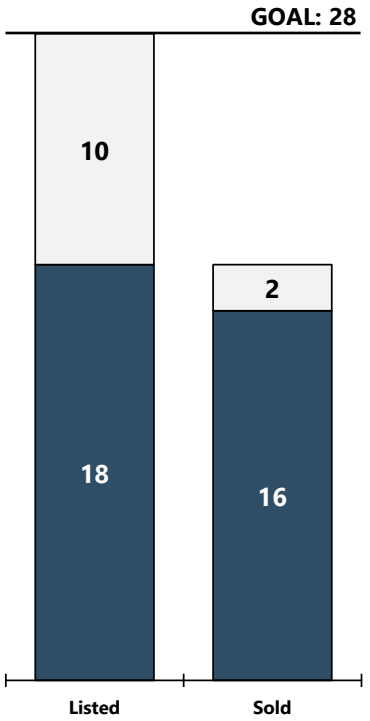

IN-FILL & SELL

REHAB & SELL

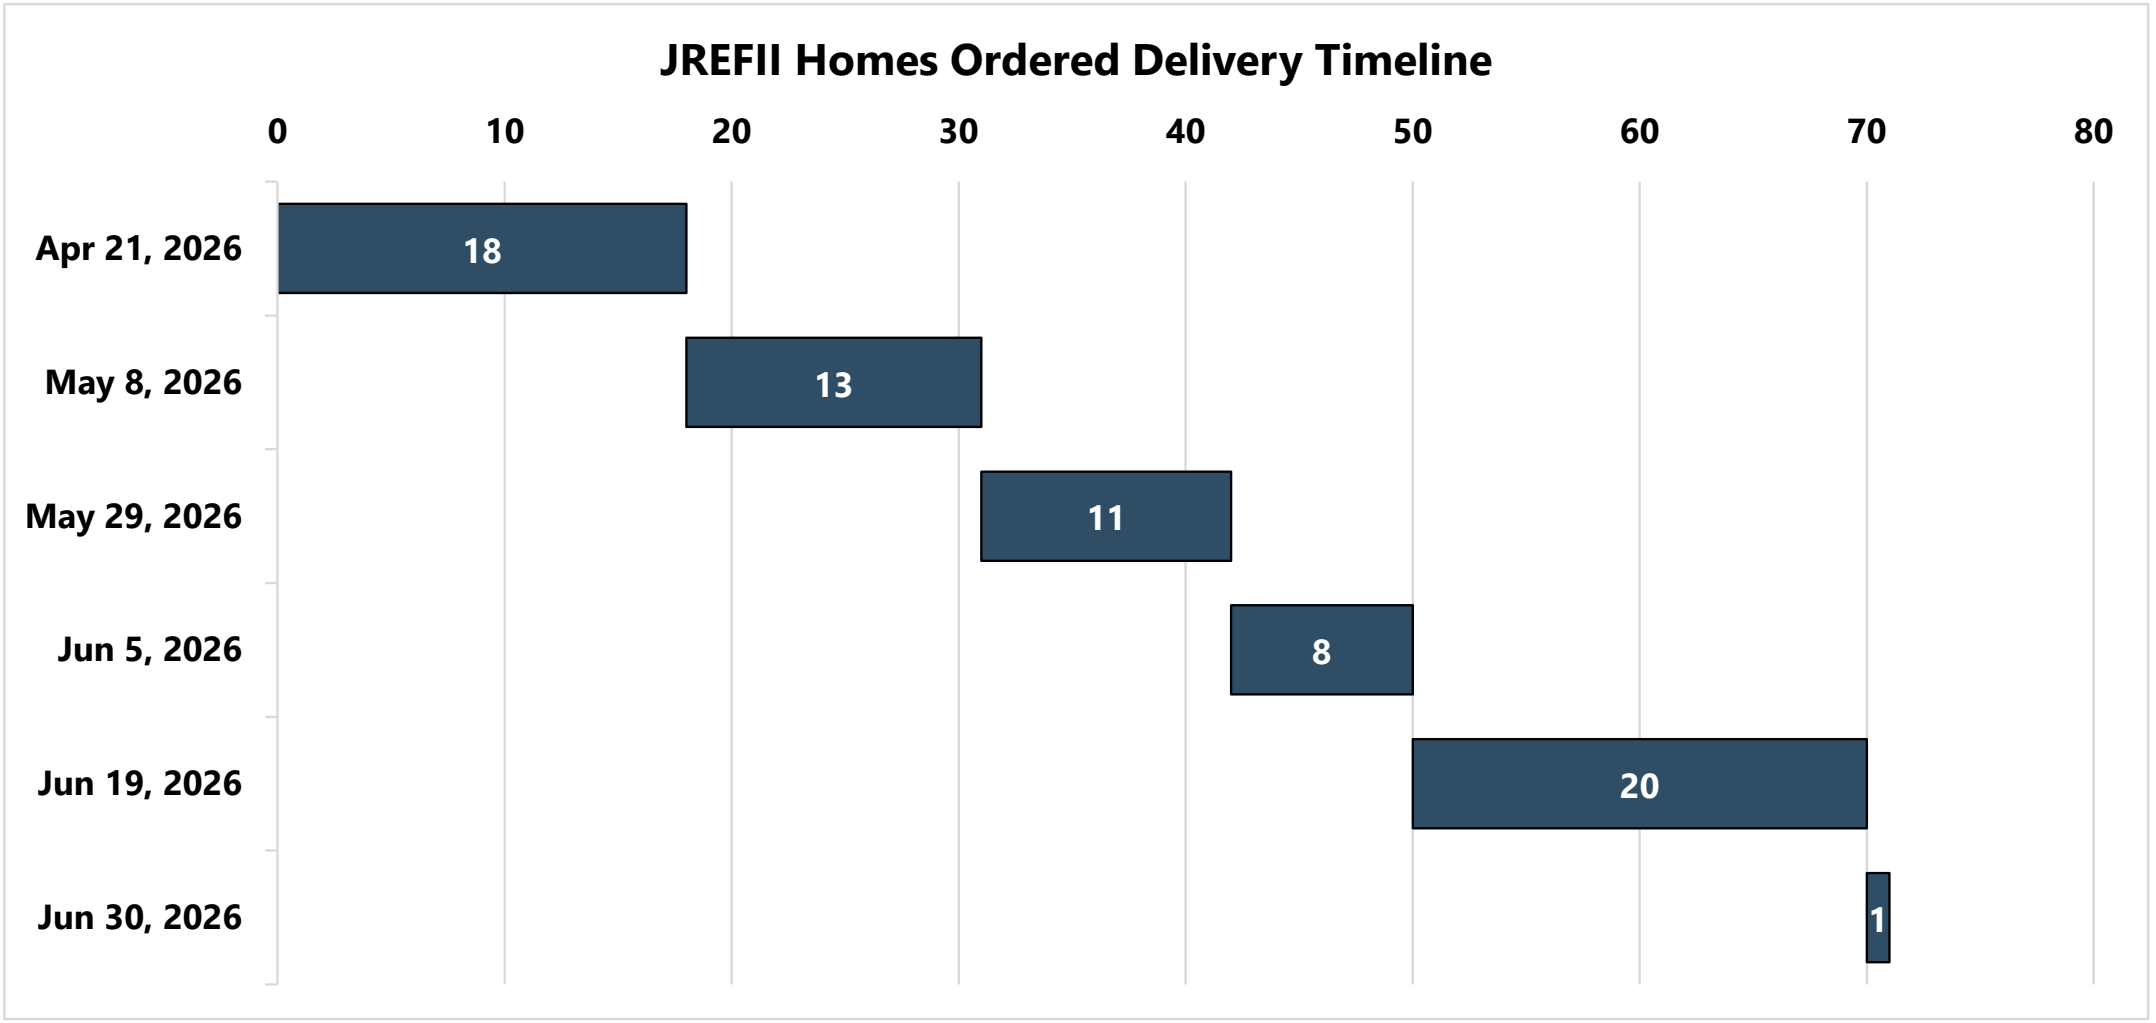

FOR SALE

JREFII OCCUPANCY INITIATIVE: HOME DELIVERIES

JREFII IN-FILL IS AHEAD OF SCHEDULE BOTH ON HOME COUNT AND DELIVERY TIMELINES

NOTE: Estimated delivery timeframes from manufacturers.

EXECUTION

- ✓ **36 POH sold or converted and 5 RTOs burned off** since acq
  - ✗ *We had 10+ additional prospects that would have likely converted to POH sales already, but our conversion lender had just rolled out their lower credit profile program and we are reaching back out to engage*
- ✓ **State Dealership Licenses:** Dealerships set up with all licensing hurdles cleared in FL, SC and GA
- ✓ **Sell/Lease Vacant POH:** Now that SC dealership is formed (as of Feb 2026), all vacant POH have been listed for sale
- ✓ **Aggressively Convert POH Renters to Owners:** Officially launching our renter conversion program with AutoMHatic in March ’26 with multiple credit profile buckets which prospects automatically get filtered into and “instantly approved”:

	Lower Credit	Higher Credit
Credit Score:	500 to 580	>580
Interest Rate:	10% to 12%	~8%
Loan Term:	20yr term	20yr term

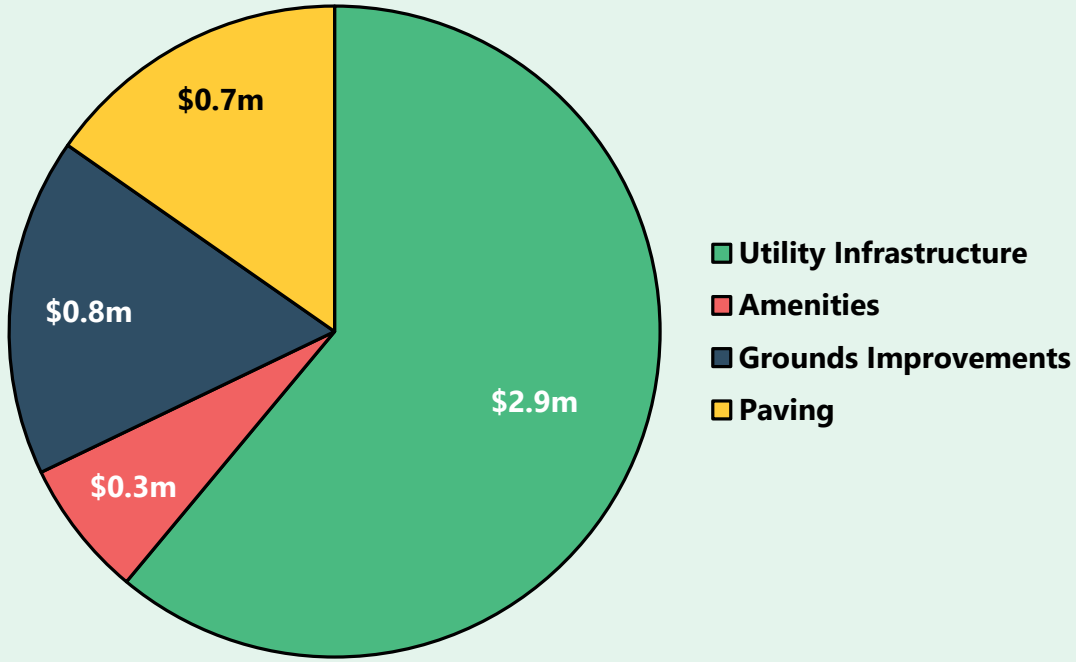

- ✓ **Commissions:** Commissions for POH conversions are overweighted due to nature and duration of sale process

JREFII CAPEX: OVERVIEW & SUMMARY

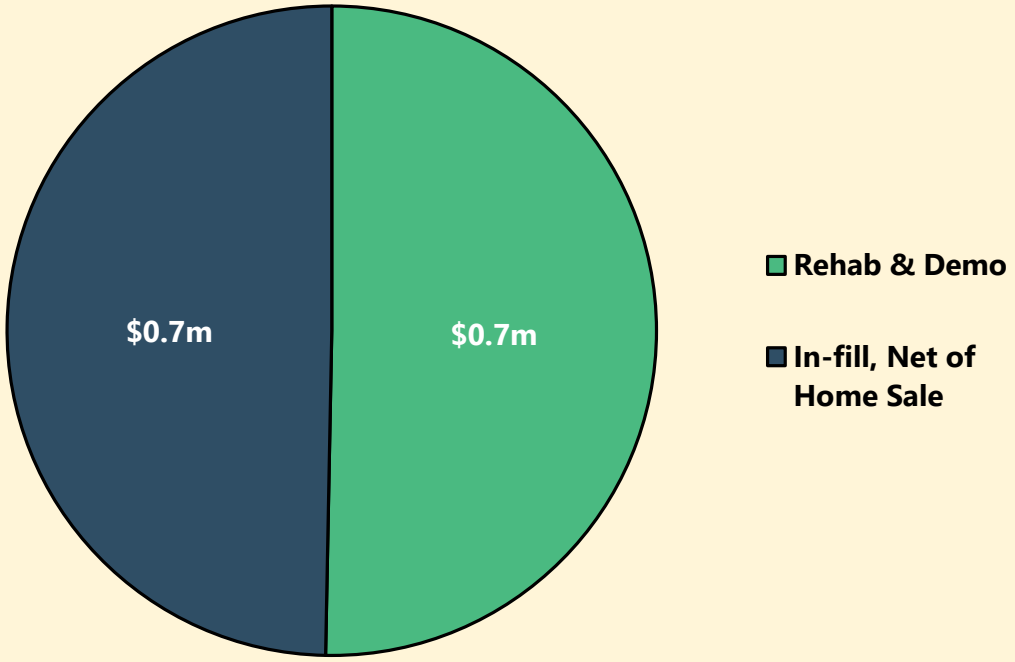

JREFII CAPEX OVERVIEW

- ✓ **$4.6m* budget for 76 Community Improvement Capex in 2026** with 70% of projects in planning or completed
- ✓ **$1.3m budget for In-fill & Occupancy Capex in 2026** for rehabs, demos, and in-fill costs net of home sale (~30% loss)
- ✓ ***Capex focused on projects that Eastdil has guided us are critical for both Agency debt and Core+ buyers***

$4.6M* COMMUNITY IMPROVEMENT CAPEX

IN-FILL & OCCUPANCY CAPEX

** The $4.6 million is gross project cost before factoring in expected grant funding of ~$1.8m reimbursed in 2026.*

JREFII CAPEX: IN-PROGRESS PRIORITY PROJECTS

$3M+ OF CRITICAL INFRASTRUCTURE UPGRADES AND MAJOR COMMUNITY IMPROVEMENTS IN PROGRESS TO INSTITUTIONALIZE OUR ASSETS AND ENHANCE QUALITY, COMPLIANCE, AND LONG-TERM ASSET VALUE

Community & Project	Est. Cost	Est. Completion	Project Commentary
Redlands *Drainfield Repairs*	**$489,000**	**August 2026**	We are close to completing the overhaul of the drain field system at Redlands. This involved a rerouting of the drain field down the main road to the front of the community.
Northgate *Water Tie-In*	**$100,000**	**July 2026**	We are in engineering at this time to move forward with connection to municipal service and abandonment of existing well system.
Northgate *WWTP Replacement*	**$600,000**	**August 2027**	As part of our lender required repairs we have put together a plan to completely overhaul the first train at WWTP and put in two digesters. This investment should reduce the ongoing costs associated with the WWTP.
Northgate *Maintenance Area*	**$20,000**	**April 2026**	Installation of 20'x30' metal building with concrete foundation and footers. Building includes standard 36" walk through door at rear and 8' roll up door on front of structure with an 8' sloped entry apron.
Druid Oaks *Utilities Tie-In & Road Repairs*	**$1,800,000**	**July 2027**	We are actively working with legal counsel and state officials to secure grant funding for a full infrastructure overhaul and related roadwork at Druid Oaks. Engineering is nearly complete, and we are close to municipal approval of the plans, which will allow us to obtain finalized estimates for installing new sewer lines and decommissioning the existing septic system, as well as repaving roads.
Paradise Palms *Drainfield*	**$99,000**	**March 2026**	Remove and properly dispose of the existing drain field currently servicing approximately 50% of the community (estimated 50 truckloads). Replace all associated piping and fittings to install a new 5,400 SF drain field and complete the project with sod restoration across all disturbed areas.

JREFII CAPEX: FUTURE PRIORITY PROJECTS

$1M+ OF NEAR-TERM PROJECTS FOCUSED ON AMENITIES, INFRASTRUCTURE AND ROADWAY IMPROVEMENTS TO ENHANCE CURB APPEAL, REDUCE LIABILITIES AND SUPPORT LONG-TERM RENT GROWTH

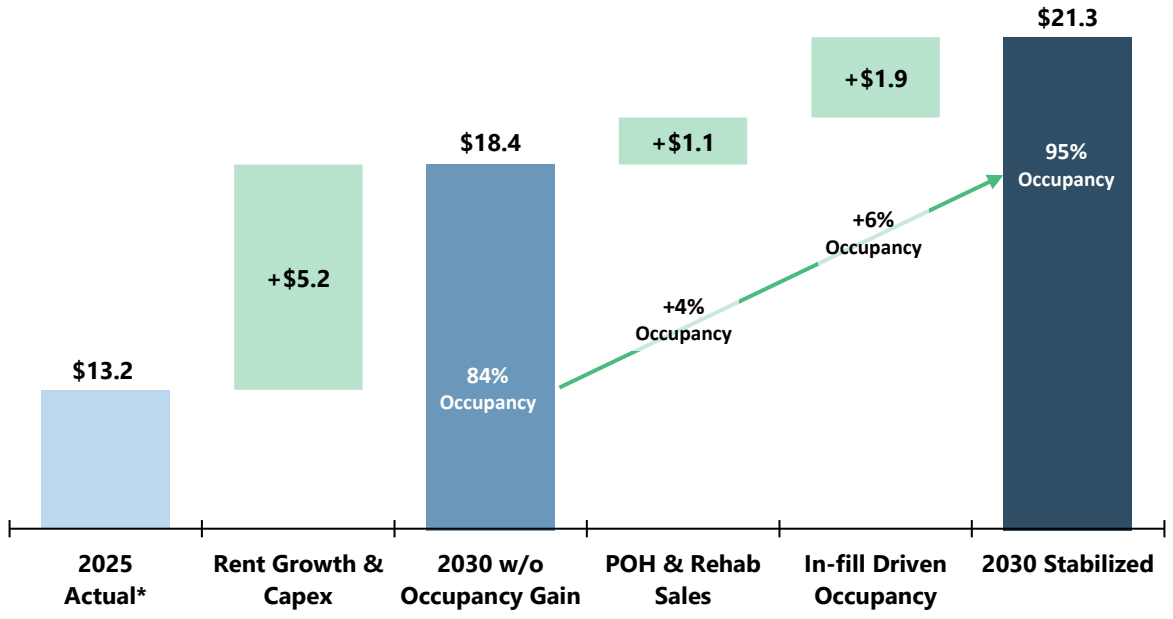

Project & Community	Budget Cost	Est. Completion	Project Commentary
Amenity Enhancements *11 Properties* *(ARD, GO, GPT, NGMH, OAK, PP, RED, RW, TC, TO, WIND)*	$350,000	December 2026	We are actively upgrading amenities across multiple communities in the JREFII portfolio. Improvements underway include clubhouse renovations, basketball court renovations, new and enhanced playgrounds, bathhouse upgrades, covered picnic and pavilion areas with BBQ stations, new clubhouse furnishings, and bus stop gazebos.
Mailbox Upgrades *5 Properties* *(GPT, NGMH, RED, SUR, TC)*	$75,000	August 2026	We are upgrading mailbox areas across several communities, primarily by rebuilding or extending deteriorated enclosures to replace rotted wood and provide residents with adequate protection from the elements while accessing their mail.
Tree Trimming *10 Properties* *(FOX, GO, GPT, HP, NGMH, OAK, PARK, RED, RW, TC)*	$250,000	August 2026	Various levels of tree trimming at communities averaging $25,000/community to take care of major deferred maintenance from prior owners, clear lots for in-fill and remove major liabilities.
Paving / Road Repairs *5 Properties* *(PP, RW, TO, WIND, SUR)*	$700,000	December 2027	We are completing road improvements across multiple communities, with projects ranging from $20,000 to $300,000. Scopes of work includes installing speed bumps, repairing potholes, and fully resurfacing or reconstructing entire roadways where needed.

JREFII PORTFOLIO: STABILIZED NOI & YOC BRIDGE

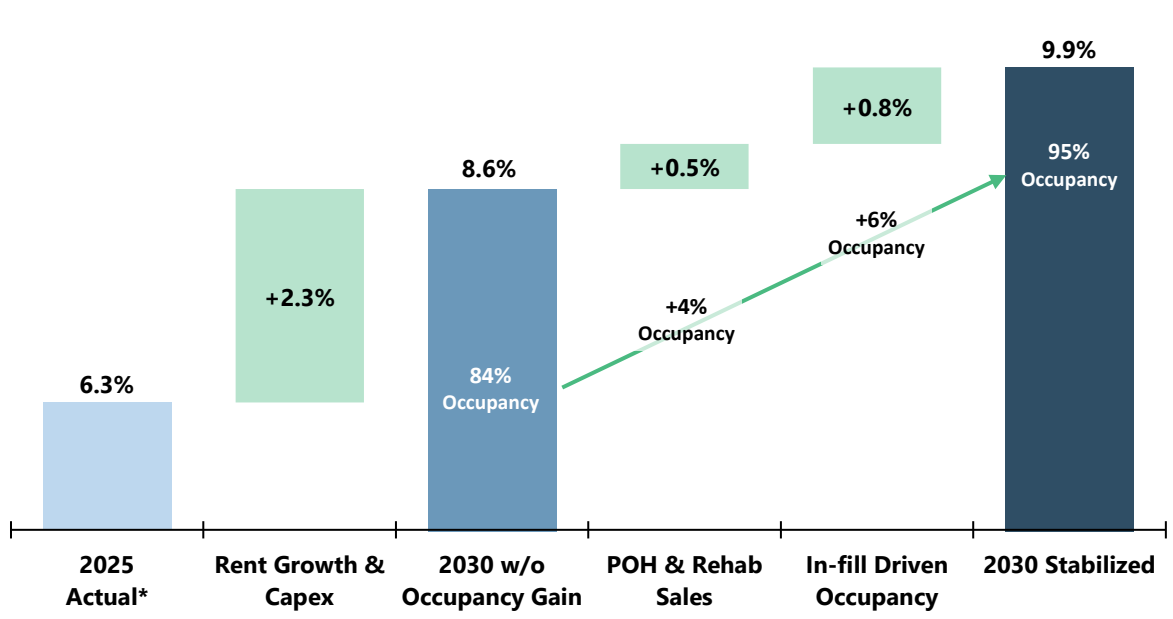

RAPID STABILIZATION OF PORTFOLIO AGGREGATED TO DATE PAVING WAY FOR FULL DEPLOYMENT

- ✓ **INVEST IN THE ASSETS:** Focus on executing $4m+ of community improvement projects across the existing portfolio of assets
- ✓ **PUSH OCCUPANCY:** Primary focus in 1H on rehabbing and selling down POH, with in-fill plans kicking off in 2H on the heels of JREFI
- ✓ **MARK RENTS TO MARKET:** Steadily continue our lot rent mark-to-market campaign across assets as improvements are made
- ✓ **FASTER STABILIZATION:** We are on pace to stabilize the JREFII assets faster than JREFI given platform maturity and expertise
- ✓ **INCREASE DENSITY IN NON-FL MARKETS:** We are looking to expand our footprint in newly entered markets to increase efficiencies
- ✓ **SEEK OUT HIGH QUALITY ASSETS:** New acquisitions are focused on size and quality, to make for easy recap discussions when ready

JREFII Stabilized NOI Bridge ($m)

JREFII Stabilized Yield on Cost Bridge

** Property financials are annualized based on T+1 of acquisition date through year-end.*

DISPOSITION PLANS: NORTHGATE AGRI & SHELL POINTE

Northgate Agricultural Parcel (Mims, FL)

- As part of the Northgate acquisition, we purchased an unused 44.57-acre parcel of land, zoned AU Agricultural Residential, directly adjacent north of the community
- We have evaluated our options and have decided the best economic path forward is to sell to a third-party
  - ✓ Listed this with a broker at an ask of $995,000
  - ✓ Receiving interest from a handful of buyers consisting of developers and a land banker

Shell Pointe (Ruskin, FL)

- We acquired Shell Pointe, a 65-pad park in Ruskin, FL (Tampa MSA) as part of the Steiner Portfolio acquisition on 8/1/2025.
- Due to the flood risk of the asset (located in SHFZ AE) we made plans to start a sale process immediately post-closing, leaving the option for the new buyer to dictate the 2026 rent increase
- Sales process was launched with Marcus & Millichap, and we have selected Accell Property Management as a buyer with the terms of the sale as follows:
  - ✓ $6,600,000 Purchase Price
  - ✓ $125,000 EMD
  - ✓ 45 days DD & 15 days Closing
  - ✓ $2,500,000 6-Month 4% I/O Seller Financed Note
  - ✓ $4,100,000 Cash at Close

** Corporate raises and bonuses were paid in July (w/founder bonuses put in AP for cash flow preservation). Actual results above have been adjusted to include these in 1H to be apples-to-apples with budget.*

2025 Actual vs. Budget Commentary

Summary: OpCo Income came in light of budget due to lighter acquisition volume in the last 1/3 of the year. We scaled the executive team in a big way in 2025 and still came in ahead on Payroll Expenses, driven both by corporate and slight PropCo payroll >5% of revenues. This was partially offset by an increase in Legal and Professional fees, which were higher mainly due to one-time recruiting expenses from our new hires.

- ✗ **Total Income:** Lower than projected PM fees due to income miss vs. budget. Higher AM fees due to JREFII assets running unlevered in 1H. Lower Acq fees due to a pause on acquisitions in the back half of the year. Lower Capex Fees due to the timing of projects.
- ✗ **Advertising & Marketing Expenses:** Complete overhaul of our website to go from a general info site to a sales-focused platform was the main reason for increased expenses, along with uniforms for field employees.
- ✓ **Employee & Payroll Expenses:** ***PropCo payroll overage (excluding corporate overhead) came in at just ~$60k*** and Corporate Payroll was better than budgeted (even excluding $200k of lower founder salaries).
- ✗ **Insurance Expense:** Workers Comp audit increased our premiums and # of employees under the program increased.
- ✗ **Legal & Professional Fees:** One-time recruiting fees were not in the budget.
- ✓ **Office & Admin Expenses:** Mainly attributable to lower bank fees.
- ✗ **Software & IT Expenses:** The cost of our IT increased with # of employees.
- ✗ **T&E Expenses:** ~$20k holiday party (great for morale) but wasn't budgeted for. Also added auto expense for 2 company cars (net savings vs. mileage). Also, we conducted more in-person executive meetings with more execs.

PARAKEET OPCO: 2026 BUDGET VS. 2025 ACTUAL

Net Income	**($2,071,077)**	**($3,128,894)**	**-$1,057,817**	**-51%**

** Corporate raises and bonuses were paid in July (w/founder bonuses put in AP for cash flow preservation). Actual results above have been adjusted to include these in 1H to be apples-to-apples with budget.*

2026 Budget vs. 2025 Actual Commentary

Summary: Income assumes no acquisitions in 2026, despite ~$60m of high-quality deals under contract for JREFII and most likely further volume throughout the year. Payroll Expenses are up $1m primarily due to executives hired in mid/late 2025 being in #s for a full year, comp increases and slightly higher PropCo Payroll Overage due to field team hires and upgrades to push on major initiatives (as discussed last board meeting).

- **Total Income:** While we expect our property management fee to grow considerably, we are not budgeting any acquisition fee income to ensure we are conservatively cash planning.
- **Employee & Payroll Expenses:** Increase primarily due to exec hires in mid-2025 being in #s for the full year, compensation increases and ~$200k higher PropCo Payroll Overage from employees added throughout year from JREFII acquisitions as well as team hires and upgrades to push initiatives.
- **Legal & Professional Fees:** Not budgeting any recruiting fees as our executive team is fully built-out.
- **Office & Admin Expenses:** Mainly higher due to office rent escalators and inflationary expense assumptions.
- **Software & IT Expenses:** Mainly higher b/c of increases with headcount which rolled in throughout the 2025 year (pay per head).
- **T&E Expenses:** Mainly higher due to continued plans for more in-person executive meetings and those executives being at the company for a full year.

PARAKEET OPCO: 2025 BONUS & 2026 SALARY REC'S

** Equity compensation refers to cash compensation linked to equity ownership in all cases except with regards to Zach Schwartz in JREFI and JREFII and David Berman in JREFII, which are true MIP.*

PARAKEET OPCO: FOUNDER BONUS REVIEW & PAYOUT

2025 BONUS ALIGNS WITH TARGET OVERALL & PROPOSED 2026 TARGETS TO ALIGN WITH AGGRESSIVE BUDGET

REVIEW OF 2025 FOUNDER BONUS METRICS

- ✓ 2025 was a strong year of acquisitions, executive team strengthening and improving our communities
- ✓ NOI growth in 2025 was +14% despite in-fill initiatives taking longer, which were the culprit for missing our NOI budget
- ✓ We have spent the last 6 months building the systems and processes for institutional-level execution across in-fill and other business plans

Measurement Metric	Bonus $ (% of Total)	Metric Target	Metric Result	Result	Bonus Payout
JREFI NOI	$125k / 50%	$14.3m*	$13.6m	**In Target Range**	$125k
OpCo Gross Expense	$25k / 10%	$5.4m	$5.4m	**In Target Range**	$25k
JREFI In-fill	$25k / 10%	60	23	**Below Target**	$12.5k
JREFII POH Sales	$12.5k / 5%	20	33	**Above Target**	$25k
Discretionary $	$62.5k / 25%	--	--	**--**	--

2026 PROPOSED FOUNDER BONUS METRICS

- ✓ Prelim view below on high-level 2026 bonus metrics and targets
- ✓ With pre-planned bonus metrics across the company, our goal is to be able to start having comp conversations at year-end as opposed to the following year (which leaves people in limbo)
- ✓ $300k annual bonus target with upside and downside as follows:

Measurement Metric	Bonus $ (% of Total)	Metric Target	Metric Range	Bonus % vs. Payout
JREFI & JREFII NOI	$150k / 50%	$29.5m	<90% to >110%	60% to 150%
OpCo Gross Expense	$30k / 10%	$6.5m	>105% to <90%	50% to 200%
JREFI In-fill	$30k / 10%	150	<100 to >200	50% to 200%
JREFII POH Sales	$15k / 5%	50	<10 to >90	50% to 200%
Discretionary $	$75k / 25%	--	--	--

FOUNDER ACCRUED BONUS PAYOUTS

- ✓ We have been accruing our annual bonuses for the past two years to preserve cash flows during rate increases and biz plan execution
- ✓ Total accrued bonuses are $900k ($450k each) as at 12/31/25. Accruing the year-end
- ✓ There is no personal urgency to pay ourselves this cash, and we'd prefer to keep the cash cushion in the meantime as we push on our big initiatives for the JREFI portfolio going into our 5yr anniversary. If feasible – discuss contributing as equity at valuation associated with YE of bonus (2023 & 2024)

** Was $14.5m but reduced to $14.3m by including POH expenses classified as capex in budget but operating expenses in actuals to make the comparison like-for-like.*

5 CAPITAL STRUCTURE INITIATIVES

DEBT SUMMARY: FULLY-FINANCED JREFI & JREFII

- ✓ Both JREFI & JREFII portfolios fully-financed with flexible pre-pay, floating rate debt and no maturities until mid-2027
- ✓ First two earn-outs of JREFI WSRED portfolio loan were disbursed in Q3 2025
- ✓ DSCR tests for second two earn-outs of JREFI WSRED portfolio loan ($2.875m) are expected to be met in Q1/Q2 2026
- ✓ DSCR tests for first two earn-outs of JREFII WSRED portfolio loan ($4.4m) are expected to be met in Q1/Q2 2026
